NATIONAL AGRICULTURAL EDUCATION DAY

Date : 03/12/2021
Venue : Vaddeswaram Village
Time : 2:00 P.M to 5:00 P.M

OBJECTIVES

National Agricultural Education Day celebrates the importance of agricultural education in fostering sustainable farming practices, food security, and rural development. It raises awareness about the critical role of agricultural education in shaping the future of agriculture and inspiring the next generation of farmers, scientists, and policymakers. Through various events, initiatives, and educational programs, it aims to highlight the significance of agriculture in our daily lives and promote a deeper understanding of its complexities.

The main objective to celebrate the Agricultural education day was to strengthen the future of agriculture in India, it is important to attract and encourage youngsters towards the agriculture sector. Young generation must be given training about agricultural education in India. And this may require massive awareness programmes among the youth focusing on various facets of agriculture and related subjects.

DESCRIPTION

KL college of Agriculture has organized Agricultural education day on 3rd December, 2021 to commemorate the birth anniversary of Bharat Ratna Dr. Rajendra Prasad, the first president of Independent India and first Union minister of Agriculture.

Mr.Kummara Setti Veera Bhadra Rao, HoD-Agriculture, addressed the students valuable insights into the current status of Agricultural education in the country. He discussed challenges faced by educational institutions and students, emphasizing the need for strategic improvements to meet evolving agricultural demands. He emphasized the unique opportunity to pool collective wisdom, transcending borders and boundaries to find solutions that benefit both the current and future generations.

Mr. Jamindar Buddiga, delivered an insightful address. His presentation included a detailed analysis of the existing Agricultural education system, shedding light on the challenges faced by educational institutions and students. He emphasized through the research, students and faculty members will be able to address real-world challenges and contribute to innovative solutions.

OUTCOMES

The National Agricultural Education Day event saw increased awareness and appreciation for the role of agricultural education in sustainable farming practices. It sparked conversations about the importance of rural development and food security. Overall, the event spurred momentum towards building a more resilient and knowledgeable agricultural community poised to tackle the evolving challenges of the sector. Discussion on awareness of the vital role agricultural education plays in modern farming practices. It facilitated discussions on the need for innovative approaches to address challenges such as food security and rural development.
