Event Name: Plantation and awareness on sanitation

NSS Volunteers of Dept of CSE of K L E F has Conducted “Plantation and awareness on sanitation” on 09th August, 2019 in one of the village adopted by the K L University i.e Chirravur as a part of this NSS Volunteers from Unit-7, NSS Program Officer(Dr P Yellamma),Faculty Members Mr jampani satish babu and Dr Krishna Mohan from department of CSE are involved.

On the day of the event, all the 53 NSS volunteers along with faculty started from the college at 10.30 am in bus and reached the Chirravur by 10.45 am.

Summary of the Event

After reaching the villages, volunteers met the panchayat member and identified the places to do Plantation activity. Two to Three places are identified for the event.

*** Distributing plants to villagers ***

Some of our Volunteers had visited every house and distributed saplings and made them aware of importance of trees and adverse effect of deforestation. Most of the villagers showed a great interest towards planting trees and, they gave an assurance that they will take

KL

CSE
COMPUTER SCIENCE & ENGINEERING

care of them. And few volunteers planted saplings and geo-tagged them using the kobo-collect app.

Along with the plantation we gave awareness regarding sanitation problem. As rainy season is a dreaded season for the health hazards, such as infections and diseases that it accompanies. Diseases such as malaria, respiratory tract infections, pneumonia, polio, typhoid and common cold are common during monsoons. We given few precautions on how to keep your surroundings clean and hygiene.

Event Name: Plantation

NSS Volunteers of Dept of CSE of K L E F has Conducted “Plantation” on 23rd August, 2019 in one of the village adopted by the K L E Fs i.e Chirravur as a part of this NSS Volunteers from Unit-7, Program Officer (Dr P. Yellamma) and J. Manikandan sir are involved.

On the day of the event, all the 20 NSS volunteers along with faculty started from the college at 10.15 am in bus and reached the Chirravur by 10.30 am.

Summary of the Event

After reaching the village, volunteers met the panchayat member and identified the places to do Plantation activity. The panchayat members arranged all the equipment needed to plant. We have taken 80 saplings to plant.

*** Planting Trees ***

Volunteers gone through various streets and planted saplings by digging pits and watered them.

In future to know the status of the plant we attached the geographical information (latitude, longitude and distance) of the plant using the Kobo-Collect application.

venue: MUSTABADA

Event Name: Plantation and GIS Mapping

NSS Volunteers of Dept of CSE of K L E F has Conducted “Geo-Tagging and Plantation, GIS mapping, Interaction with the Students” on 06th September 2019, in one of the village i.e Mustabada as a part of this NSS Volunteers from Unit-7, Program Officer Dr P.Yellamma and Dr Raju Anitha mam are involved.

On the day of the event, all the 60 NSS volunteers along with faculty started from the college at 9:45am in bus and reached the Mustabada by 10.30 am.

Summary of the Event

After reaching the village, volunteers met the high school teachers and identified the places to do Plantation activity in School. Divided the Volunteers into groups and conducted the events. A group planted saplings in the premises of the school and geo-tagged the plants using kobo-collect app. Our team planted nearly 200 saplings.

*** Planting the trees in School by Volunteers***

Some of our Volunteers had visited the school classrooms and interacted with the students and made them aware of importance of trees and adverse effect of deforestation and played the games which tests their knowlegde.

COMPUTER SCIENCE & ENGINEERING

* Interaction with students *

We also planned an event of GIS mapping. A geographic information system (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present all types of geographical data. We have mapped the main centers and places like temples, ponds, schools, anganwadi centers, water plants, ration depots, milk booths, churches and shops of the village. All the locations were uploaded in street maps. For this our students used MAPS.ME app. Due to this program the information of the important places of that village became available. so those who visits the place for first time can easily identify the addresses in the village. This information is also helpful for surveys etc...

Event Name: Gandhi Jayanti “Say No to Plastic”

NSS Volunteers of Dept of CSE of K L E F has Conducted “Plantation and awareness on sanitation” on 02nd October, 2019 in one of the village adopted by the K L University i.e Chirravur as a part of this NSS Volunteers from Unit-7, Program Officer Dr P. Yellamma, Dr KVD. Kiran, Dr Siva Nageshwararo, Mr Ch Mohan, Mr B venkatewararao, Mr Neeranjan Appaswamy, Mr K. Yellaswamy, Mr N. Ravinder, Mrs Syamala, Mrs Radha and Mrs Santhi sri are involved.

On the day of the event, all the 51 NSS volunteers along with faculty started from the college at 10.30 am in bus and reached the Chirravur by 10.45 am.

Summary of the Event

As the day's occasion is Gandhi Jayanthi, at panchayat office we decorated our Gandhiji photo with garland and have some speech by Dr P Yellamma (program officer) and faculty members. Then we went to school and decorated the statue of Gandhi and our volunteers shared their feelings about the day.

A small interactive session with students of ZPH school to not to use plastic and keep their premises clean and hygiene.

In Recent Times plastic usage has been increasing abruptly, so we decided to create awareness on it. Plastic bags are cheap and light weight so people are interested to use these plastic bags rather than cloth bags which are costlier than plastic.

KL
UNIVERSITY

* Removing Plastic Materials *

So, we decided to create awareness that environment is much more valuable than anything else. As a part of Swacch Bharat we collected all the plastic materials that are thrown across the roads.

All the volunteers were divided into groups by the program officer with a faculty along with them and went in four directions of CHIRRAVURU, to ensure that the volunteers covered most of the village premises.

Days: From 11th – 14th March 2020

Venue: CHIRRAVURU

Event Name: Special Camp

NSS (National Service Scheme) Unit – 7 volunteers of Department of Computer Science and Engineering(CSE) of Koneru Lakshmaiah Educational Foundation(K L E F) has Conducted “Special Camp” for four days from 11th to 14th March, 2020 in one of the village adopted by the K L E F i.e. Chirravuru. This special camp was organized with the help of panchayat raj department of chirravuru. As a part of this camp everyday volunteers attended with an intention to do what they can do for the welfare of villagers.

Day – 1 (11th March 2020)

INAUGURATION OF CAMP

The forenoon session of the day began with a procession by volunteers and higher authorities of our college in the campus. Faculty came forward to render their best wishes for the volunteers to make the special camp success. Habibulla Khan (Student affairs Dean) sir started the camp by flying NSS flag.

Village authorities and villagers welcomed the team of volunteers into their village and assured us all sorts of co-operation needed in making the special camp a huge success.

COMPUTER SCIENCE & ENGINEERING

CORONA DOOR TO DOOR AWARENESS

At present the most dangerous news is all about corona virus, so we planned to give awareness regarding corona virus to the villagers so that they will not get afraid about it.

The aim of this is to provide the base knowledge regarding corona virus so that preventive measures can be taken up effectively and timely. we urged the people not to believe in unauthenticated and false news spreading by social media.

* Door to door awareness *

We have given information about corona and along with the precautions and symptoms.

BETI BACHAVO BETI PADAVO

“SAVE THE DAUGHTER AND EDUCATE THE DAUGHTER”

This is a campaign of the Government of India that aims to generate awareness and improve the efficiency of welfare services intended for girls in India.

The main aim of this program is prevention of gender biased sex selective elimination, ensuring survival and protection of the girl child and also ensuring education and participation of the girl child.

“TO EDUCATE GIRLS IS TO REDUCE POVERTY”

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

“EDUCATE A GIRL AND SHE WILL CHANGE THE WORLD”

POSHAN ABHIYAN or NATIONAL NUTRITION MISSION (NNM)

We conducted an awareness programme on nutrition as part of the Poshan Abhiyaan campaign in our village. Along with us Anganwadi workers also participated.

The aim of the programme is to improve nutritional outcomes for children, pregnant women and lactating mothers.

KL

CSE
COMPUTER SCIENCE & ENGINEERING

CORONA VIRUS AWARENESS WALK

We organized an awareness walk regarding corona virus and insisted to keep their premises clean and lets all take necessary precautions to avoid it.

Day – 2 (12th March 2020)

CAREER GUIDANCE FOR 10th CLASS STUDENTS

We conducted a career guidance program for 10th class students, as a matter of fact, career guidance is a very important aspect of your life. In fact, it can make or break your career. And career guidance is very essential for success. If you want to see your career moving in a right direction then career guidance is of at most importance. Everyone wants to be successful but they do not get the right guidance to make right decision at right time.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

If you have a pre-planned guidance for your career then it can make a lot of difference. Today, awareness about career guidance is still very low among younger generation. The culture of going to a counsellor is so important in our country. So we decided to give right guidance to the upcoming citizens.

As our adopted village contains only a ZPH school we chosen 10th class students as their entire future is lying in front of them. To choose right path we need right guidance also. The best part of career guidance is that it is very objective as well as strategic.

You could get a clear picture what your goal should be or must be. So we have done a lot of ground work to convey our content to them effectively. We wished all the students to do well in their SSC examinations and score good grade points.

GIS MAPPING OF VILLAGE

We planned an event of GIS mapping. A geographic information system (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present all types of geographical data. The key word to this technology is Geography – this means that some portion of the data is spatial. In other words, data that is in some way referenced to locations on the earth. We have mapped the main centers and places like temples, ponds, schools, anganwadi centers, water plants, ration depots, milk booths, churches and shops of the village. All the locations were uploaded in street maps. For this our students used MAPS.ME app. Due to this program the information of the important places of that village became

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

available. so those who visits the place for first time can easily identify the addresses in the village. This information is also helpful for surveys etc...

GRAMA SABHA AWARENESS

The Grama Sabha is the grass root level democratic institution in each Village Panchayat. A vibrant Grama Sabha is essential for the effective functioning of Village Panchayats by promoting transparency and accountability in administration, enhancing public participation in the planning and implementation of schemes and in the choice of beneficiaries, and paving the way for social audit. The Government have ordered the conduct of Grama Sabha meetings a minimum of four times a year. So we insisted villagers to make use of it and get their requirements done.

WATER CONSERVATION AWARENESS

Water being a scarce resource and a primary one should not get wasted. Lot of people has shortage of water supply. As a part of this our volunteers have taken an initiative to create awareness in chirravuru village by conducting a door to door campaign and motivated households. Slogans like “Save Water, Save Lives” were given by the volunteers.

SWACCH BHARAT

Afternoon of the second day About 20 volunteers divided into sub groups and went in to the streets, lanes and by lanes of the village. Few groups organized a cleanliness drive

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

Swatch Bharat by selecting a street nearby the panchayat office. Volunteers cleaned the village roads, removed dust heaps.

“CLEAN INDIA – GREEN INDIA”

WORLD KIDNEY DAY

World Kidney Day aims to raise awareness of the importance of our kidneys to our overall health and to reduce the frequency and impact of kidney disease and its associated health problems worldwide. Awareness about preventive behaviors, awareness about risk factors, and awareness about how to live with a kidney disease. We do this because we want kidney health for all.

Unit-7

Day – 3 (13th March 2020)

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

BLOOD GROUPING

From 11:00 clock we started the blood group identification program we invited three Bio Technology (BT) students to do the job.

The grouping is very important when it comes to having a blood transfusion. If blood is given to a patient that has a blood type that is incompatible with the blood type of the blood that the patient receives, it can cause intravenous clumping in the patient's blood which can be fatal.

The patient's body can start producing antibodies that attack the antigens on the blood cells in the blood that was given to the patient.

We organized blood grouping in the ZPH school for students and we had given an identity card so that they will never forget.

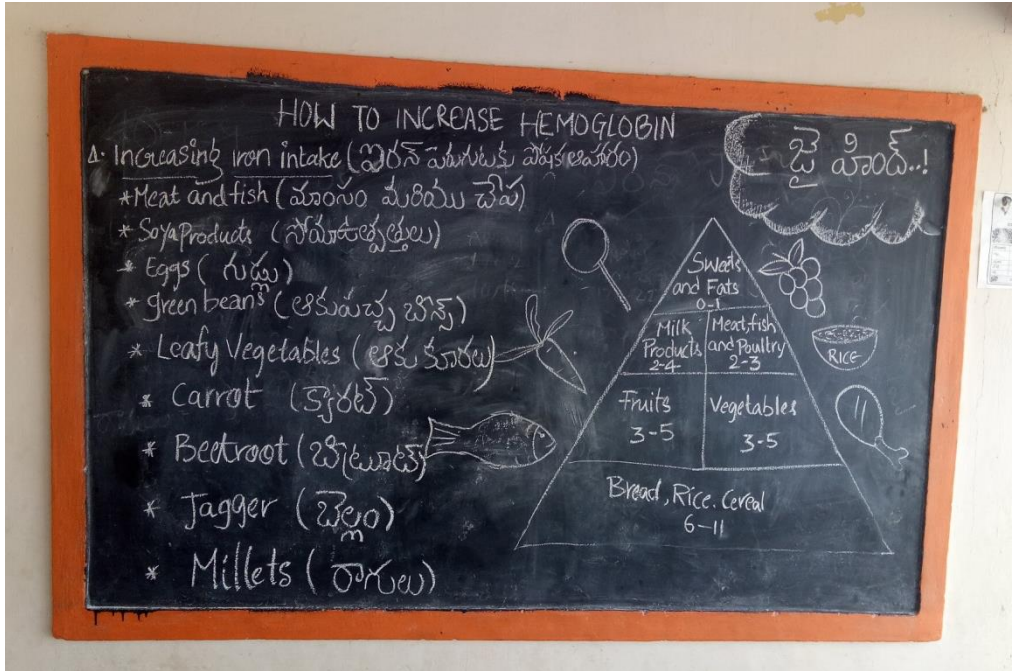

HEMOGLOBIN TEST

A hemoglobin test measures the amount of hemoglobin in your blood. Hemoglobin is a protein in your red blood cells that carries oxygen to your body's organs and tissues and transports carbon dioxide from your organs and tissues back to your lungs.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

If a hemoglobin test reveals that your hemoglobin level is lower than normal, it means you have a low red blood cell count (anemia). Anemia can have many different causes, including vitamin deficiencies, bleeding and chronic diseases.

If a hemoglobin test shows a higher than normal level, there are several potential causes the blood disorder polycythemia vera, living at a high altitude, smoking and dehydration.

CORONA AWARENESS

On Day 1 we haven't covered the entire village, so we continued the awareness on corona on Day 3 also.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

* Awareness along with workers of panchayat *

FIRST AID AWARENESS

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

We all know that accidents may happen anytime, anywhere to our colleagues or loved ones. It may be simple cuts, fracture, wounds while playing sports, choking, fainting or heart attack.

The main aim of this awareness program is to let all know about first aid treatment that can be given to someone who suddenly fell ill or injured. We had given the basic first aid knowledge and skills to the children.

WORLD SLEEP DAY

World sleep day is an annual, global call to spread awareness and explain the importance of healthy sleep. The aim of this day is to bring attention to the many burdens of sleepy problems.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

Sleep is one of the most important activities of our life like eating healthy and exercising daily.

But with change of lifestyle, work pressures and hectic schedule people are sleeping for lesser hours than they did in the past.

Sleep is vital to good health and a decent sleep rest can make your entire day very positive.

SELF DEFENCE BY NGO (TEAM V1)

#teamv1 is an NGO of the teens who are united for a social cause. The team works on Sexual Education & Self Defence to the toddlers who are in need. Rape has become the fourth common crime against women in India.

* Self defense and Gender discrimination awareness *

Unfortunately most of the victims of Sexual harassment and sexual abuse are the minors. So they are working to preclude the Sexual harassment and enlighten the minds of the toddlers. We organized this programme for girl students from 6th to 10th class.

PRIZES DISTRIBUTION FOR ACADEMIC TOPPERS FROM 6th to 10th CLASS

To encourage the students we planned to give prizes for academic toppers from each class and also who are performing well in sports.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

Few students participated in state level competitions and performed well.

Day – 4 (14th March 2020)

HEALTH AND HYGIENE

Volunteers attempted to create awareness on cleanliness and hygiene volunteers participated actively and encouraged villagers to keep their streets neatly so that there will be less mosquitoes and good surroundings as a result the villagers are not affected with infectious diseases.

This programme aimed to aware the people on cleanliness, Health and Hygiene in the village. NSS volunteers appreciated the people who uses pits and maintain cleanliness in their homes and streets.

venue: Peddapalem

Event Name: Plantation and awareness on sanitation

NSS Volunteers of Dept of CSE of K L E F has Conducted “Plantation and awareness on sanitation” on 09th August, 2019 in one of the village adopted by the K L University i.e Peddapalem as a part of this NSS Volunteers from Unit-1, Program Officer Naveen N are involved.

On the day of the event, all the 80 NSS volunteers along with program officer started from the college at 10.30 am in bus and reached the Peddapalem by 11.00 am.

Summary of the Event

After reaching the villages, volunteers met the panchayat member and identified the places to do Plantation activity. Two to Three places are identified for the event.

KLU
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

Some of our Volunteers had visited every house and distributed saplings and made them aware about importance of trees and adverse effect of deforestation. Most of the villagers showed a great interest towards planting trees and, they gave an assurance that they will take care of them. And few volunteers planted saplings and geo- tagged them using the kobo-collect app.

Along with the plantation we gave awareness regarding sanitation problem. As rainy season is a dreaded season for the health hazards, such as infections and diseases that it accompanies. Diseases such as malaria, respiratory tract infections, pneumonia, polio, typhoid and common cold are common during monsoons. We given few precautions on how to keep your surroundings clean and hygiene.

**Event Name: GIS MAPPING, DENGUE AWARENESS,
ROAD REHABILITATION, PLANTATION AND BALA SWETCHA**

NSS Volunteers of Dept of CSE of K L E F has Conducted “**GIS MAPPING ,DENGUE AWARENESS,ROAD REHABILITATION,PLANTATION AND BALA SWETCHA**” on 6thSeptember 2019 in one of the villages adopted by the K L University i.ePeddapalem as a part of this NSS Volunteers from Unit-1, Program Officer Naveen N,N rajesh,chandan are involved.

On the day of the event, all the 114 NSS volunteers along with the program officers started from the college at 10.00 am on the bus and reached the Peddapalem by 10.30 am.

Summary of the Event

After reaching the respective village, all the volunteers are again divided into groups by the faculty in-charges to make the task easier and so as to ensure that the volunteers covered most of the village premises.

1. Dengue Awareness

All the volunteers actively took part in this. Some of them went to people and interacting with them and making them aware of dengue and their effects . All the volunteers divide the tasks among themselves without any hesitation and everyone lead their way towards the success of the event.

UNIVERSITY

CSE
COMPUTER SCIENCE & ENGINEERING

2. Road Rehabilitation

Also, the road rehabilitation team went to different places of the village and sprayed the mud oil in the drainages of the village so that it will decrease the mosquitoes.

3. Plantation

After reaching the villages, volunteers met the panchayat member and identified the places to do Plantation activity. Two to Three places are identified for the event. Some of our Volunteers had visited every house and distributed saplings and made them aware of importance of trees and adverse effect of deforestation. Most of the villagers showed a great interest in planting trees and, they gave an assurance that they will take care of them.

KL
(DEEMED TO BE UNIVERSITY)

CSE
COMPUTER SCIENCE & ENGINEERING

4. GIS Mapping

We have mapped the main centers and places like temples, ponds, schools, Anganwadi centers, water plants, ration depots, milk booths, churches and shops of the village. All the locations were uploaded in street maps. For this our students used MAPS.ME app. Due to this program, the information about the important places of that village became available. so those who visit the place for the first time can easily identify the addresses in the village. This information is also helpful for surveys etc...

5. Bala swetcha

volunteers went to school and given a presentation regarding computer usage and its importance. They interacted with students and identified their problems in several aspects.

Days: From 5th – 9th March 2020

Venue: PEDDAPALEM

Event Name: Special Camp

NSS (National Service Scheme) Unit – 1 volunteers of Department of Computer Science and Engineering(CSE) of Koneru Lakshmaiah Educational Foundation(K L E F) has Conducted “Special Camp” for four days from 5th to 9th March, 2020 in one of the village adopted by the K L E F i.e. Peddapalem. This special camp was organized with the help of panchayat raj department of Peddapalem . As a part of this camp everyday volunteers attended with an intention to do what they can do for the welfare of villagers.

Day – 1 (5th March 2020)

INAUGURATION OF CAMP

The forenoon session of the day began with a procession by volunteers and higher authorities of our college in the campus. Faculty came forward to render their best wishes for the volunteers to make the special camp a success. Village authorities and villagers welcomed the team of volunteers into their village and assured us all sorts of cooperation needed in making the special camp a huge success.

Day – 2 (6th March 2020)

CAREER GUIDANCE

We conducted a career guidance program for 1, as a matter of fact, career guidance is a very important aspect of your life. In fact, it can make or break your career. And career guidance is very essential for success. If you want to see the children's career moving in the right direction then career guidance is of at most importance. Everyone wants to be successful but they do not get the right guidance to make the right decision at the right time.

If they have a pre-planned guidance for your career then it can make a lot of difference. Today, awareness about career guidance is still very low among the younger generation. The culture of going to a counsellor is so important in our country. So we decided to give the right guidance to the upcoming citizen

KL
UNIVERSITY

CSE
COMPUTER SCIENCE & ENGINEERING

In the ZPH School of our adopted village we conducted the career guidance programme. To choose the right path we need right guidance also. The best part of career guidance is that it is very objective as well as strategic. we also conducted some quizzes among the students to boost up their talent

FIRST AID KIT AWARENESS

We all know that accidents may happen anytime, anywhere to our colleagues or loved ones. It may be simple cuts, fractures, wounds while playing sports, choking, fainting or heart attack. The main aim of this awareness program is to let all know about first aid treatment that can be given to someone who suddenly fell ill or injured. We had given the basic first aid knowledge and skills to the children.
