The Guest Lecture on “IoT Technologies and job opportunities” addresses the various aspects of Advances in IoT Technologies and highlights job opportunities to the students. This event was aimed at teachers who are teaching in the disciplines of engineering and technology. This event is conducted in a hybrid mode there were 148 participants registered for this program from different Universities, Colleges. In the online and offline modes, around 600 participants attended including ECE, IoT, CSE, and Agricultural departments of the KLEF campus.

Shrikrishna S Chippalkatti, Joint Director, IoT Group, C-DAC, Bengaluru deliver his Guest lecture. In his address congratulated all the faculty and students of ECE and KLEF IEEE student branches. He addressed that the faculty and students should upgrade their technical skills to succeed in IoT Technologies. The basics of sensors, actuators, communication technologies, and controllers. Efficient IoT system design for the specific

application based on the identification and selection of all components and implementation in the field. He explained how the CDAC works in IoT with the development of new innovative ideas and system development. CDAC work together with different universities and colleges to disseminate their knowledge and experience for the users to take the latest technologies to the growing students. In turn, make the students train in form of industry-ready with current trends of Industries. This session ends up with a mutual understanding to receive Continuous support from CDAC to provide fruitful outcomes in the form of training, internship, and continuous technical support.
