K L E F (Deemed to be University)
Department of Electronics and Communication Engineering
Guest Lecture Report

Dt: 24-09-2019

Resource Person: Mr. Gnandeep

Topic: Advance in RF Communication & carrier opportunities in core companies for ECE.

Audience: 3rd years S01 and S06

Location: R509

Date & Time: 14.09.2019 & 09:00 to 11:00 AM.

Designation & Company name: RF Engineer & Jio Services, Vishakapatnam.

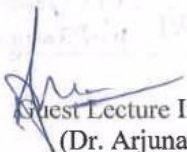

- RF Engineers are used to check and improve signal quality for a mobile.
- Achieving core base job is somewhat difficult but simple concentration makes it easy.
- Most of colleges are failing to produce placements related to core(as the core companies expecting strong basics) .
- But our colleges make it simple by making us to do projects related to National Instruments.
- Most of foreign colleges are providing scholarship for students mostly selecting grade-A colleges and considering their CGPA.
- Israel country government are trying and forcing their scientists and engineers to develop "CG" technology before any other country introduce it.
- So, Their country is offering more scholarship to attract merit students and for their development.

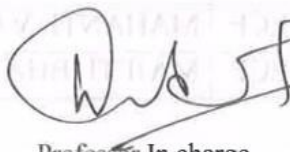

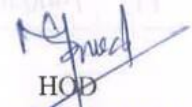

Deputy HOD (Dr MSG Prasad) and Dr Ch Kavya adam Felicitating the Guest with momento and shall.
