74th INDEPENDENCE DAY- WEBINAR

AUGUST 15TH 1947,

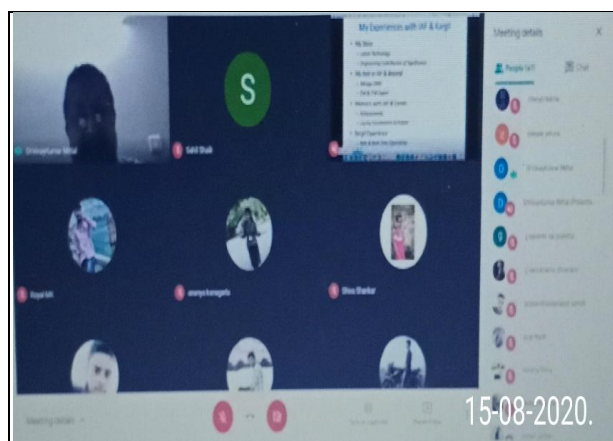

The day our nation got freedom from the British and our nation emerged as sovereign country. This 73 years we witnessed a prodigious change in our country through every aspect: Health, Education, Infrastructure, Economy and many more.

NCC unit of KL University of 22 'A'BT NCC, Tenali had conducted an webinar with an eminent person, "Squadron leader Dr. V. K. Mittal" professor, chair, Department of ECE, KLEF.

V. K. Mittal is an expert in electronic warfare of IAF who developed various projects and took Indian defence to next level during his tenure. He fought in Kargil war and earned a medal of excellence for his abundant service in IAF.

Starting with the greetings of independence day and latter moved with the changes that evolved in India since the day of Independence and continued with the experience of mittal in IAF and moved forward with opportunities for both men and women in defence.

Cadets of NCC unit KLEF are very happy to talk with a prodigious person who worked with “mirage-2000” fleet for 5years, was directing staff at Air Force Technical College Bangalore served in IAF from 1989-2003. Cadets enthusiastically participated and raised various questions related to defence, SSB, Indian economy.
