3rd International Conference on RF and Signal Processing Systems (RSPS 2013)

26th-27th July 2013

 With its mission to serve the purpose of Technical Education, Electronics and communication Engineering department has conducted 3rd international Conference on RF and signal processing systems (RSPS 2013).The Conference helped in driving the performance of the University thereby its special qualities through the Technical Educational Systems. Department of Electronics and Communication Engineering of our University had planned to organize this International Conference on RF and Signal Processing Systems, 3rd in a row with the 1st in 2008 and the 2nd in 2010, during 26th-27th July 2013. RS & SPS have become an important vehicle of communication and an active area of research.

The authors from various educational Institutions and R&D organizations in our country and abroad have given their encouragement that has enabled The International Conference to rise to their expected standards. IEEE has readily given technical support in all aspects and the conference is a grand success
