NEWS LETTER OF CIVIL ENGINEERING DEPARTMENT, K L UNIVERSITY

PATRON: Er. K. SATYANARAYANA – President EDITOR: Dr. SHASHI KUMAR GUPTA – Head, Dept. of CE

INSIDE:

- Vision
- Mission
- Short Term Goals
- Long Term Goals
- Department Profile
- Department Achievements
- News Corner
- Department Staff
- Consultancy
- Games & Sports

FROM THE EDITOR:

I am happy to present our monthly news letter, the Civil Quest, for the month of January 2014 of Civil Engineering Department.

Department welcomes the new faculty who joined our team recently. Faculty & student achievements & some of the department activities are highlighted in this issue.

I am thankful to the • contributors and look forward for more inputs for the future • issues of Civil Quest.

Dr. Shashi Kumar Gupta Editor – Civil Quest

VISION OF THE DEPARTMENT

Civil Quest

To impart technical education in cutting edge technologies, inculcating applied research, scholarly inquiry, creative endeavor, through the knowledge and values based moulding of students and make an imprint in the economic and social development of the Nation.

SHORT TERM GOALS

- To encourage faculty of the department to attend Academic Conferences, Seminars, Summer & Winter Schools, and other training programs
- To offer Research-oriented Projects for final year B-Tech students
- To emphasize on Soft Skills and Communication abilities of students
- To provide continuous training and reorientation to the Faculty to keep up with the modern trends

LONG TERM GOALS

- To interact with industries and sign MOU's for collaborative programs
- To obtain live-projects from Industry
- To introduce more P.G. Courses in the Department
- To improve infrastructure further for Consultancy work
- To conduct International, National Conferences and Short Term Courses (Winter & Summer) regularly
- To add advanced software in the Department over and above the Curriculum
- To add non-destructive testing equipments in the concrete laboratory
- To maintain the standards required by NBA and NAAC

DEPARTMENT PROFILE

The Department of Civil Engineering was established in 1980 with an intake of 60 students and 5 Faculty. The department has been successful in producing the excellent and welltrained graduates. Today we have 550 Students and twenty four members of teaching staff drawn from premium institutes throughout India out of whom four are Professors, seven are Associate Professors and twelve are Assistant Professors. Six staff members are having more than ten years experience, Seven are doctorates and Seven pursuing PhD's. The department is in the process of recruiting qualified faculty to strengthen its existing team.

The departmental activities embrace Testing, Planning, Design, Construction and Management. The Department offering Courses for Graduates in civil Engineering, Post graduates in Structural Engineering and PhDs in civil Engineering. The department has flexible syllabus for the students to get placed for their post graduation in specialized branches of civil engineering like Structural Engineering, Geotechnical Engineering, Transportation Engineering, Environmental Engineering etc.

The department has well equipped laboratories. Many of our alumni hold prestigious positions in leading academic institutions, industry and government in different countries all over the world.

DEPARTMENT ACHIEVEMENTS:

• Faculty Registered for Ph. D

S. No	Name of the Faculty	University
1	Mr. D. Satish Chandra	KL University
2	Mr. N. Jitendra babu	KL University
3	Ms. K. Prasanthi	KL University

• FACULTY DELIVERED GUEST LECTURE

On the occasion of GIS Day celebrations by Institute of Engineers Vijayawada chapter, Dr. A. Siva Sankar delivered an expert lecturer on the topic Remote Sensing for the calculation of the depth of the water level from the ground base.

NEWS CORNER

- Department has purchased two new software's
 - 1. **MIDAS Software** worth 4.75 lakhs which helps in structural design of Bridges.

Combining Structural Analysis capabilities with Civil Engineering specific stage analysis, push over analysis and non linear time history features, MIDAS Civil provides the necessary tools for advanced modeling, analysis and design for bridge engineer. Features include RC, Steel. PSC Bridge design, suspension and cable stayed bridge analysis, construction analysis and heat of hydration analysis etc.

2. **SAP2000 Software** worth 2.5 lakhs which helps in the design of structures.

SAP 2000, an excellent medium for education, is a general purpose civil engineering software ideal for analysis and design of any type of structural system. Basic and advanced systems, ranging from 2D to 3D of simple geometry to complex, may be modeled, analyzed, designed and optimized using a practical and intuitive object based modeling environment that simplifies and streamlines the engineering process.

Integrated modeling templates, code based loading assignments, advanced analysis options, design optimization procedures and customizable output reports all coordinate across a powerful platform to make this SAP2000 software especially useful for students.

NOTE: An exclusive training on SAP2000 and MIDAS software's :-

Department of Civil Engineering planned to conduct workshops on these to software's in the month of February 2014. To make the students to have hands on practice on these two software's. So that students will be able to analyze, design and optimize the structural system using object based modeling environment.

NEWLY JOINED FACULTY MEMBERS

S.No	Name of Faculty	Designation	Qualification
1	Mr. M. Krishna M.V. Ratnam	Assistant Professor	M. Tech
2	Mr. T. Venkat Das	Assistant Professor	M. Tech

NEWLY JOINED FACULTY:

Mr.M.Krishna Mohan.V.Ratnam, who born on 17/8/1980, completed his B.Tech in Civil Engineering from S.R.K.R.Engineering college,Bhimavaram with 64%. And later completed his M.Tech (structural and construction engineering) from Kakathiya University, Warangal with 68%.He also have 10 years of hands on experience with construction field as a designer of Civil Structrures.

Mr.T.Venkat Das, who born on 28/8/88, completed his B.Tech in Civil Engineering from Sri Sunflower Engineering college, Challapalli with 66%. And later he completed his M.Tech (Computer aided Structural Engineering) from IIIT, Hyderabad with 77%. He has 2 years of experience in Design of Civil Structures.

 A one day National Seminar on PAGES was held at RVR & JC Engineering College Guntur on 25th January 2014.Selected faculty of the department and students attended this seminar. They also visited the Jain Temple on Guntur highway. The temple is constructed without the use of any cement mortar or steel reinforcement and is a site worth visiting by all civil engineers.The following students participated in the event.
