Date: 09/09/2021

Venue: KLEF

### **FREE DISTRIBUTION OF GANESH IDOLS**

#### **Description of the Event:**

We're slowly getting back to our roots. Farmers are employing organic farming techniques and people are turning more health cautious and taking time for a digital detoxification. If we're employing these organic methodologies in physical, mental aspects then why not in a spiritual aspect? In regard to this, KLEF-CEA has distributed eco-friendly Ganesh idols in the university. These idols are free of chemicals, plaster of Paris, and plastic. We're elated to share that "over 700 idols are distributed to students and faculty".

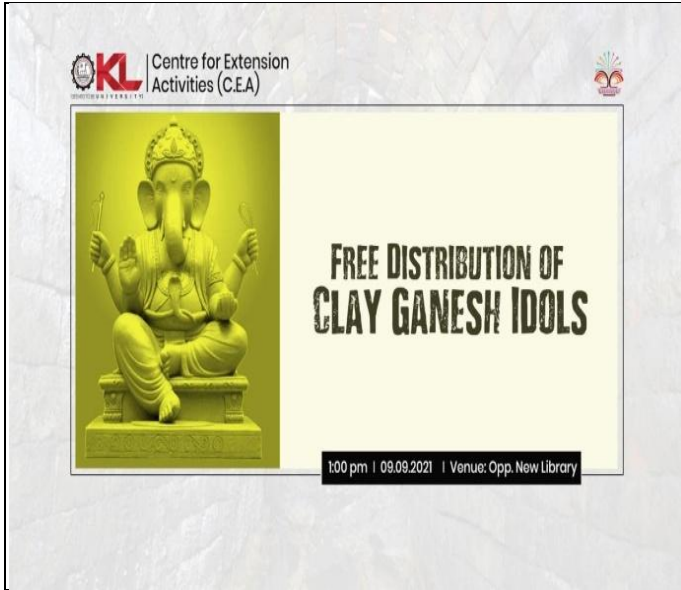

#### **Benefits:**

These clay idols are ECO-FRIENDLY which is a great replacement for plaster of Paris and plastic. Imbided the idea of taking initial steps in protecting nature through clay idols. Students learned about the organization of CEA. Clay idols which are made of mud get easily dissolved in water when immersed in water without harming the water bodies. Students learned how to make clay Ganesh idols. 80 student volunteers have participated in the event and distributed the Idols to the students, staff, and faculty members of the university. 3 faculty members guided them to conduct the event.

No. of Students Participated: 80

No. of Faculty Participated: 10
