GARDENING TECHNIQUES

Description of Event:

KLEF-CEA have organized two events “**GARDENING TECHNIQUES**” where the members of CEA and volunteers will go to a village or a school and bring awareness about planting trees and instructing the students some simple and best way to grow their own garden with waste to turn it into best.

In Gardening Techniques, we go to a school or village and teach them about simple gardening techniques and how to use some waste materials and promote environmental nurturing in children.

In Gardening Techniques, we go to school or a village and some plants will be planted in their school premises by some children and that photograph will be posted in another school to bring competition in maintaining greenery in their school premises and growing their own garden. And some plants will be distributed to children and encourage them to plant at their house.

Event Beneficiary:

1. This event brings awareness about planting trees and promoting greenery
2. Many students will get to know about gardening techniques
3. Students have shown their interest in planting trees and some of the students collected plants to plant them in their house
