## **CAREER GUIDANCE**

### **Description of the Event:**

To know what all the school students know about their state of mind of being settled and to educate them in the way they go through their passion and make their life more happier.

We met them and spoke with them wholeheartedly where we got to know that they are following their seniors and no one are even ready to tell their parents about their passion and we finally made them to understand the difference between getting settled and settling in the field where they are interested.

### **Benefits:**

- By conducting this event we educated the school students to give them a clarity regarding their career.
- We educated the students the real world and the future that they are going to select.
- By this event we educated how to motivate themselves and overcome their own situations.
