

Student based workshop on ROBOTICS

Report on student based workshop on Robotics

The IEEE-KLUSB has conducted a student based workshop on robotics as its first weekly activity.

Event details:

Date: 17th & 18th January ,2013

Venue: KLUniversity campus

Timing: 2:00PM-4:00PM

Venue: Rose hall

Speaker of the day: Dr.A Srinath

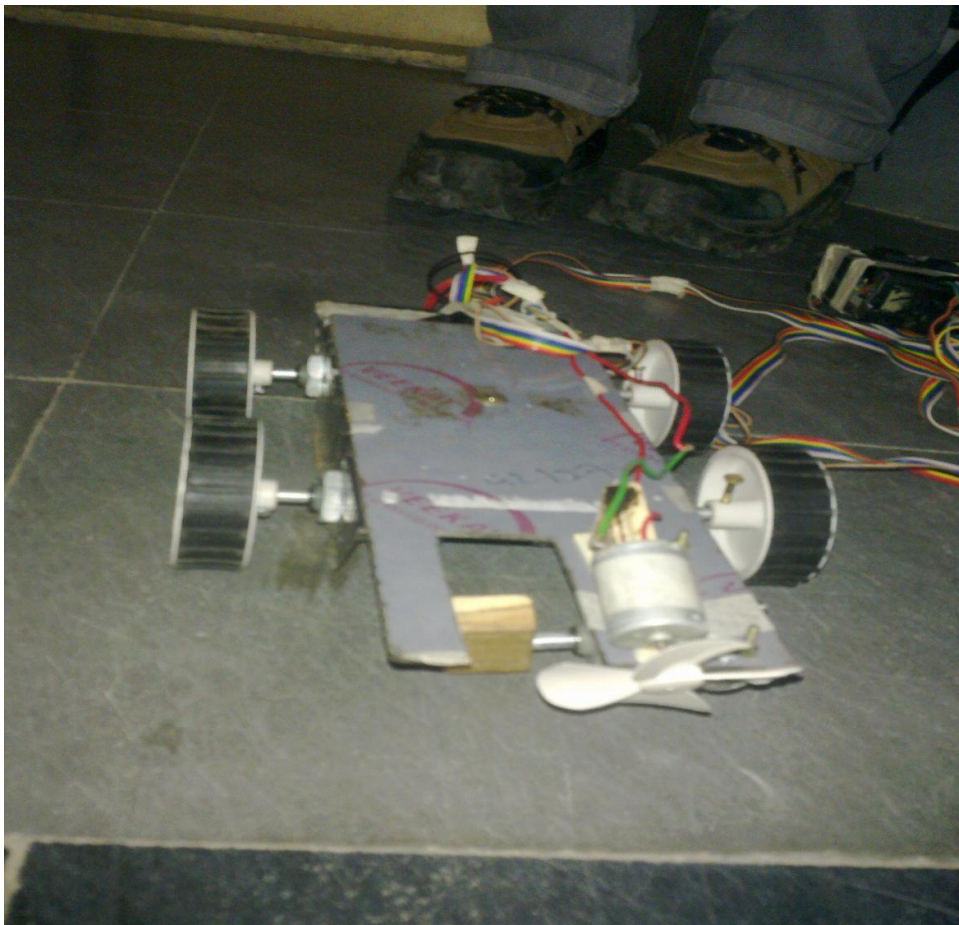

Branch counselor: Dr.M.Venu Gopal

Objective

1. Inculcating an awareness on robotics and encouraging new innovations in the field of ROBOTICS

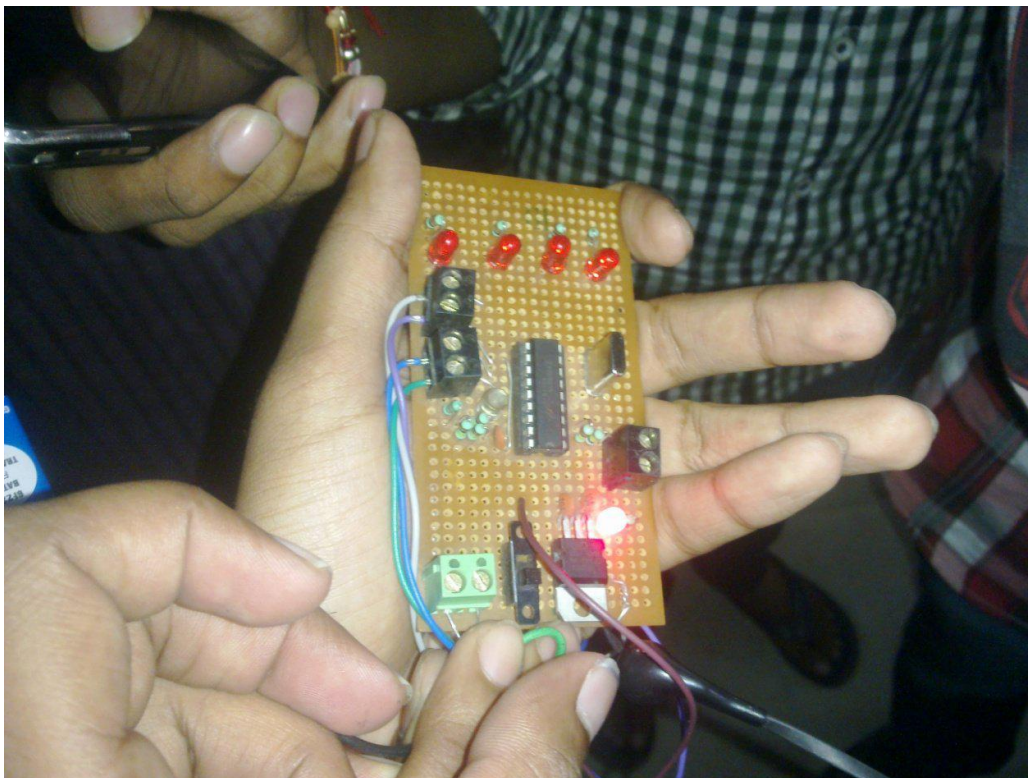

Hovercraft

All terrine robot, moves on all land conditions.

Solar light sensing robot

Dual tone multi frequency (DTMF) based robot

Student based workshop on ROBOTICS

The workshop completed on a good note with participants willing to have some more different workshops. Hence IEEE-KLUSB looks forward in conducting such informative and productive workshops in near future.
