

HEALTH CARE AWARENESS PROGRAM

Dr K Anusha, Assistant Professor, MBA organized an activity for the Health Care Specialisation Students to Visit Anu My Baby Hospital in the month of January, to Understand Onsite Work in Maintenance of Medical Records

During the visit, the students had the opportunity to shadow experienced hospital staff and observe the processes involved in maintaining accurate and up-to-date medical records. They also learnt about the importance of maintaining patient confidentiality and the role of technology in record-keeping.
