

Mechanical Engineering

Date: 31 August, 2022

Briefing about activity:

Kapidhwaja From automobile club had organised meeting to 2nd and 3rd years students to transfer knowledge of automobile club and event knowledge. So, they can be part of automobile club and attends vehicle building competitions every year.

Motive of activity:

Twice in a month we will conduct this meets to make the students to gain the theoretical and practical knowledge apart from their academics. So, this will make us to understand the knowledge having with the students, based on that we will act according to that and transfer the required knowledge with help of seniors who are having experience in these kind of events and if required we will seek help of our professors too.

Workshop:

With the help of graduated seniors and current final year students we have transferred knowledge regarding basics of building vehicles for eg: parameters to considered before manufacturing, working of I.C engines, E.V's. The wings which are included in manufacturing vehicle like Design, Analysis, Transmission, Fabrication, Steering, Breaks etc and some basic and intermediate knowledge in above mentioned wings. At PIT(Workshop)

Regards:

We thank our HOD Dr. D V A Rama Sastry Garu and faculty members for supporting us in achieving milestones and providing required facilities.
