Constituent College KLCE Accredited by NAAC with CGPA 3.76/4.00

Approved by A.I.C.T.E ± Accredited by N.B.A.± ISO 9001-2000 Certified

Academic Staff College

Report on 6-Weeks FDP on “Effective Teaching”

13-09-2017 to 08-11-2017

6-Weeks FDP on “**Effective Teaching**” for Mechanical Faculty members was organised by Academic Staff College by Ms.Dolly, Asst. Professor, ASC in Jasmine Hall from 13.09.2017 to 08.11.2017.

Effective teachers strive to motivate and engage all their students in learning rather than simply accepting that some students cannot be engaged and are destined to do poorly. They believe every student is capable of achieving success at school and they do all they can to find ways of making each student successful.

The resource person has taken various themes related to effective teaching and every week on Wednesday she spoke on a particular topic.

1. Key principles of effective teaching
2. Principles of facilitation
3. Creating a teaching and learning space
4. Engaging face-to-face facilitation
5. Being an effective teacher

Effective teachers personalise the learning for their students. They understand that students develop at different rates and that in every classroom there will be a range of student abilities and aptitudes. They accommodate the different needs of students in their class rather than pitch their teaching to the middle, letting some students be bored while others struggle or are unable to do the work.

1. Acknowledging individual differences
2. Using a range of pedagogies
3. Monitoring progress and providing feedback
4. Encouraging student responsibility
5. Having mastery of their teaching content
6. Building positive relationships
