Report on one-day FDP on
“Experimental Preparation in Structural Elements”

Organised by
Academic Staff College
in association with
Department of Civil Engineering
Dt 23-04-2019

Academic Staff College in association with Department of Civil Engineering organised an FDP on **“Experimental Preparation in Structural Elements”** for all the faculty members of Civil Engineering Department at Sunflower Hall, KLEF on 23-04-2019. The FDP was conducted by **Dr. P. Polu Raju**, Professor and Head, Dept. of Civil Engineering.

As part of his resource talk, Dr. Polu Raju addressed that ‘Experimental Preparation in Structural Elements’ is one of the important and emerging elements in the field of Civil engineering. The resource person conducted the workshop and dealt with the following topics. They are:

- Basic notions about buildings and structures in Indian content.
- Civil Engineering and its interface of Indian *vasthu* system.
- Co-existence of Civil engineering and Architecture engineering.
- Analysis of the causes of accidents and defects.
- Calculation of the quality of work.
- Presentation of safety parameters.
- Assessment of safety performance.

The resource person was appreciated by Dr. V. Rajesh, Principal of ASC and Dr. B. Siva Nagaiah, Vice-Principal of ASC for conducting the FDP to the satisfaction of the participants. The participation certificates were distributed at the end of the programme.

Resource Person: Dr.P.Polu Raju
