Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	<p>Keeping in view the students' academic future the University has decided to conduct online classes for both theory and practical. For this University has used online platforms like Cisco Webex, Microsoft Teams and Zoom. Through the student counsellors, all the parents and students were advised to attend online classes. The HoD of each department also addressed all their department students in motivating them to attend the online classes. At the Academics office a central committee was formed to prepare the central timetable and collect the links for all the classes. Later these links were sent to the students through the counselors.</p> <p>At first, the online classes were conducted on the platforms like Cisco Webex, Microsoft Teams, and Zoom. Later, the University has purchased a good number of licenses from the Cisco Webex for conducting the online classes. From then all the online classes were conducted on Cisco Webex. To verify the effective learning online the HoD's of each department have proctored the classes also. To make the learning effective the teaching session was made limited to 20 min which is followed by-poll questions to verify the understanding and learning levels of the students.</p> <p>We have completed the LAB experiments well before the lockdown, by canceling all the theory sessions, especially in the Mechanical, Civil, and Electronics branches. After the lockdown was announced the remaining LAB experiments were conducted using simulations software.</p> <p>Examinations were also conducted online through proctoring, by making it mandatory for all the students to be present in video mode throughout the exam time. As an initial step, the test 1 exams were conducted in multiple-choice question format through our indigenously developed University ERP. Later all the other exams were conducted in comprehensive mode. The guidelines for writing and uploading the scanned answer scripts into the ERP were explained to all the students through the counselors and a mock test was conducted on a trial basis. The examinations are timed in such a way that the students will not find time to do malpractice, i.e., the question paper was divided into different sections based on the marks, and the students were given minimal time for writing and uploading the scanned answer scripts. The students were proctored online not only by the invigilators but also by a central committee, which was formed to monitor the examinations (both internal and external). Apart from the central committee a committee constituting all the HoD's and Deans under the Dean Academics also supervised all the examinations for avoiding the malpractice and other issues. In case of any technical issues where the student could not upload the paper, another chance of writing the makeup test was given to the students' case by case.</p> <p>The correction of the end-semester examination papers was also done online by the respective faculty. The final results were declared within 10 to 15 days after the last examination and degrees were awarded to the outgoing students. The university also held its convocation through virtual mode. All necessary steps were taken by the University with a smooth transition from physical to online mode of teaching ensuring the timely completion of Academics without losing a single instructional day as per Academic calendar.</p>

3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
