## **Objective**

The objective of the " GRADE vs KNOWLEDGE" organized by the Department of Electronics and communication engineering at KL Deemed to be University was to educate and raise awareness among the students of Z.P. High School, and how to change their mindset to survive in this era.

## **Description**

The program was organized on 11-02-2023 in Z.P. High School, Pedapalem Village, Andhra Pradesh, under the National Service Scheme (NSS) of the university. Necessary arrangements were made by seeking permission from the school headmaster. Volunteers, led by the university's NSS Program Coordinator Mr. P. Srikanth Reddy, arrived in school at 01:30 pm.

The volunteers were divided into groups and placed under the guidance of Program Officer Mr. K. Srikanth, CEA Coordinator Mr. P. Suresh, and Mr. GVKP Chandrasekhar. They started telling the students that there is a lot of difference between getting good grades and gaining the good knowledge. The volunteers visited school to educate the students about the main differences in gaining good grades and good knowledge.

The awareness program emphasized the purpose of studying is to gain knowledge. Without the knowledge (not marks) you will get nothing in life. Marks are just a way of judging how much you have learned from your studies. There are many ways to get marks.

Faculty, students, and staff from KL Deemed University actively participated in the program, sharing knowledge and information about the real life situations. The organizers expressed their satisfaction in educating students in schools and the positive impact of participating in such service programs.

## **Outcome**

The "GRADE vs KNOWLEDGE" had several positive outcomes. Firstly, the students of Z.P. High School, Pedapalem were known about the GRADE emphasizes assessments and rankings, while KNOWLEDGE focuses on acquiring and understanding information.

The former prioritizes performance, while the latter promotes learning for its own sake. The volunteers' visits ensured that the information reached every student in the school. By providing information on preventive measures.

The participation of faculty, students, and staff from KL Deemed University in such service programs not only benefited the students but also provided a sense of self-satisfaction to the participants. It also helped them gain valuable experience in interacting with people, which could be beneficial for their future job interviews.

The felicitation of key individuals involved, such as Vice Chancellor Dr. G. Pardha Saradhi Varma, Pro Chancellor Dr. TS. Jagannadha Rao, and others, highlighted the importance and recognition of the program within the university community.

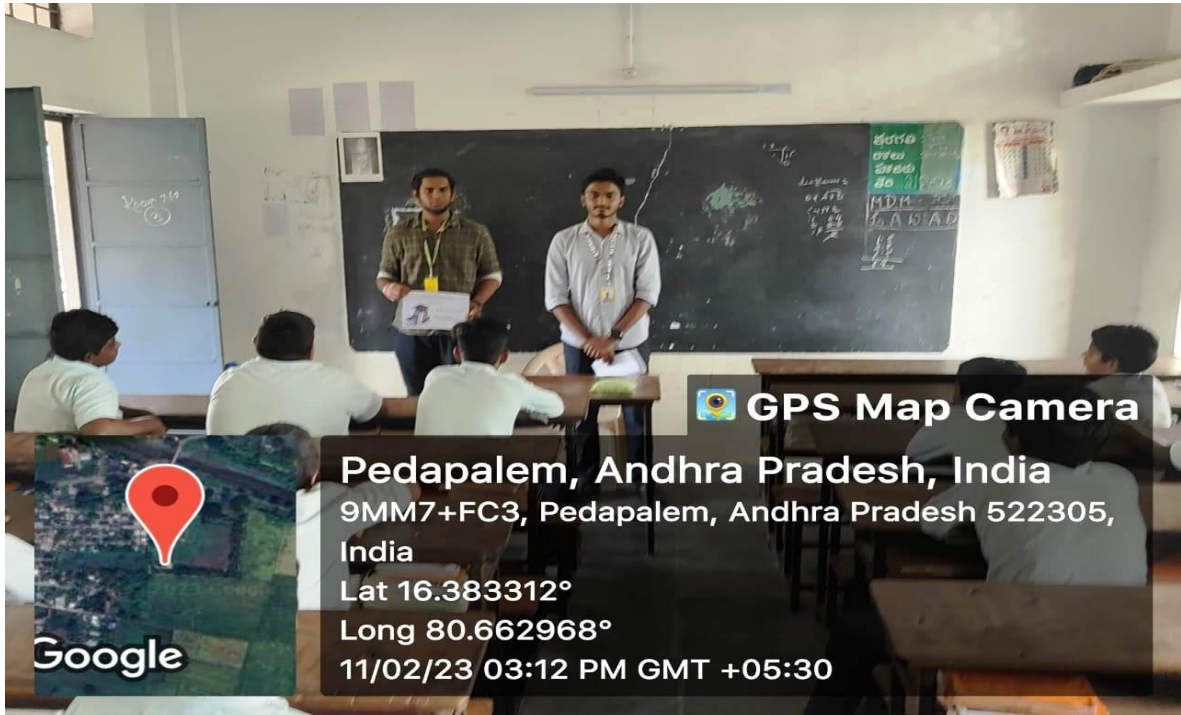

Overall, the program successfully achieved its objective of creating awareness about the grades and knowledge.
