

K L COLLEGE OF LAW
STUDENT HANDBOOK – B.B.A., LL.B.
2023-24

Vision and Mission

- **University**

VISION

To be a globally renowned university.

MISSION

To impart quality higher education and to undertake research and extension with emphasis on application and innovation that cater to the emerging societal needs through all-round development of the students of all sections enabling them to be globally competitive and socially responsible citizens with intrinsic values.

- **KL COLLEGE OF LAW**

VISION

1. To be a centre of excellence in research oriented legal education in harmony with global technological advancement.
2. To be a catalyst in the process of social engineering in accordance with National and International legal scenario.

MISSION

1. To impart and disseminate knowledge of law and legal processes with a sense of professional social responsibility and spread legal literacy in the community.
2. To offer quality legal education and training in the industry related activities and make them professionally competent.

Programs Offered

The disciplines in which the courses of study are available, and degrees will be offered at undergraduate level are:

S.NO.	NAME OF THE PROGRAM	DURATION (Years)
1	BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF LAWS	5

Program Educational Objectives (PEOs)

PEO	DESCRIPTION
1	Should be able to stimulate compassion and creativity in the field of legal profession
2	Strengthen intellectual growth and the capacity to develop ingenious and conscientious legal solutions to unique and varying tribulations of society and business environment
3	Acquire leadership capabilities necessary for the competent practice of law and lifelong learning in practice
4	Pursue advanced education, research and development, and other innovative and pioneering efforts in the field of law

Program Outcomes (POs)

PO	DESCRIPTION
1	Inculcate the ability to gain knowledge of substantive law and application of such knowledge in practice
2	Understand the interdisciplinary nature of law and relate it with other disciplines like humanities, social sciences and management
3	Synthesize academic knowledge in legal problems and find solutions for solving individual and as well social problems
4	Acquire the skills necessary for legal analysis, in the process of problem-solving, and effective written and oral communication skills
5	Realisation of the ethical and professional responsibilities and the norms of advocacy
6	Inculcate the interest to research, review, comprehend and update the skill for law reforms for continuous and systematic legal research
7	Interact and work in contemporary technological and legal institutions effectively
8	Guide the law students through para legal volunteer training programmes
9	Develop the ability to apply law to the real time situations in legal profession and corporations
10	To show how legal rules have developed, the reasons underlying them and the nexus between the legal and social history

Program Specific Outcomes (PSOs)

PSO	DESCRIPTION
1	To equip skills required to deal with a fast-changing business environment and legal arena
2	To acquaint with technological developments and to make suitable changes in the field of law and legal profession
3	To be able to integrate the learning with practice of law
4	To be able to secure respectful job of his/her choice in the field of law
5	To be able to conceptualize the most advanced concepts of law
6	To be able to demonstrate teaching skills in the academics

PEO – PO/PSO Matrix

Academic Flexibilities & Regulations

1. Terminology

- **Academic Bank of Credits (ABC):** It helps the students to digitally store their academic credits from any higher education institute registered under ABC in order to award Certificate / Diploma / Degree / Honors based on the credits earned by the student. All the credits acquired by the students are stored digitally by registering into Academic Bank of Credits (ABC) portal. It also supports retaining the credits for a shelf period and continue their program study with multiple breakovers.
- **Academic Council:** The Academic Council is the highest academic body of the University and is responsible for the maintenance of standards of instruction, education and examination within the University. The Academic Council is an authority as per UGC regulations and it has the right to take decisions on all academic matters including academic research.
- **Academic Pathways:** Students of all programs of study are given the opportunity to choose their career pathways viz. Employability, Innovation and Research. Each of these pathways prepares the students in a unique way, enabling them to achieve the heights of their career.
- **Academic Year:** It is the period necessary to complete an actual course of study within a year. It comprises of two consecutive semesters i.e., Odd and Even Semester.
- **Backlog Course:** A course is considered to be a backlog if the student has obtained a failure grade (F).
- **Betterment:** Betterment is a way that contributes towards improving the students' grade in any course(s). It can be done by either (a) re-appearing or (b) re-registering for the course.
- **Board of Studies:** Board of Studies (BOS) is an authority as defined in UGC regulations, constituted by Vice Chancellor for each of the department separately. They are responsible for curriculum design and update in respect of all the programs offered by a department.
- **Branch of Study:** It is a branch of knowledge, an area of study or a specific program (like BBA.,LL.B., B.A.,LL.B., LL.B., etc.)
- **Certificate course:** It is a course that makes a student gain hands-on expertise and skills required for holistic development. It is a mandatory, non-credited course for the award of degree.
- **Choice Based Credit System:** The institute adopts Choice Based Credit System (CBCS) on all the programs offered by it which enables the students to choose their courses, teachers and timings during their registration. This enables the students to decide on the courses to be done by them in a specific semester according to their interests in other activities.
- **Clinical course:** A course that help students develop their legal proficiency skills.
- **Compulsory course:** Course required to be undertaken for the award of the degree as per the program.

- **Course Handout:** Course Handout is a document which gives a complete plan of the course. It contains the details of the course viz. Course title, Course code, Pre-requisite, Credit structure, team of instructors, Course objectives, Course rationale, Course Outcomes and the relevant syllabus, textbook(s) and reference books, Course delivery plan and session plan, evaluation method, chamber consultation hour, course notices and other course related aspects. In essence, course handout is an agreement between students (learners) and the instructor.
- **Course Outcomes:** The essential skills that need to be acquired by every student through a course.
- **Course Withdrawal:** Withdrawing from a Course means that a student can drop from a course within the first week of the odd or even Semester (there is no withdrawal for summer semester). However, s/he can choose a substitute course in place of it by exercising the option within 5 working days from the date of withdrawal.
- **Course:** A course is a subject offered by the University for learning in a particular semester.
- **Credit Point:** It is the product of grade point and number of credits for a course.
- **Credit Transfer:** The procedure of granting credit(s) to a student for course(s) undertaken at another institution.
- **Credit:** A credit is a unit that gives weight to the value, level or time requirements of an academic course. The number of 'Contact Hours' in a week of a particular course determines its credit value. One credit is equivalent to one lecture hour per week or two hours per week of tutorials/ self-learning/ practical/ field work during a semester.
- **Cumulative Grade Point Average (CGPA):** It is a measure of cumulative performance of a student over all the completed semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed upto two decimal places.
- **Curriculum:** Curriculum is a standards-based sequence of planned experiences where students practice and achieve proficiency in content and applied learning skills. Curriculum is the central guide for all educators as to what is essential for teaching and learning, so that every student has access to rigorous academic experiences.
- **Deceleration:** Students may opt for a smaller number of courses in a semester or distribute the selection of courses across regular and summer semesters in order to cope up with their learning pace or to take part in other activities like innovative projects, pursuing their startups or doing research work.
- **Degree:** A student who fulfils all the Program requirements is eligible to receive a degree.
- **Department:** An academic entity that conducts relevant curricular and co-curricular activities, involving both teaching and non-teaching staff and other resources.
- **Detention in a course:** Student who does not obtain minimum prescribed attendance in a course shall be detained in that course. Refer to Attendance & Detention Policy.
- **Dropping from the Semester:** A student who doesn't want to register for the semester should do so in writing in a prescribed format before commencement of the semester.
- **Elective Course:** A course that can be chosen from a set of courses. An elective can be Professional Elective, Open Elective, Management Elective and Humanities Elective.
- **ERP:** ERP (Enterprise Resource Planning) system is a comprehensive software solution designed to streamline and automate various administrative, academic, and financial processes within the University. It manages student information, including admissions, registration, enrollment, attendance, grades, and academic records.

- **Evaluation:** Evaluation is the process of judging the academic work done by the student in her/his courses. It is done through a combination of continuous in-semester assessment and semester end examinations.
- **Grade Point:** It is a numerical weight allotted to each letter grade on a 10 - point scale.
- **Grade:** It is an index of the performance of the students in a said course. Grades are denoted by alphabets.
- **Humanities Elective:** A course offered in the area of Liberal Arts.
- **In-Semester Evaluation:** Summative assessments used to evaluate student learning, acquired skills, and academic attainment during a course.
- **Legal Institution Visit:** Visit to a legal institution such as court, tribunals, law commissions as per the academic requirement.
- **LMS:** LMS stands for Learning Management System. It is a platform used in the institution to manage and deliver courses. Students can access learning resources, participate in online discussions, submit assignments, take assessments, and communicate with their instructors and peers.
- **Make-up Test:** An additional test scheduled on a date other than the originally scheduled date.
- **Multi-Section Course:** Course taught for more than one section.
- **Overloading:** Registering for more number of credits than normally prescribed by the Program in a semester.
- **Pre-requisite:** A course, the knowledge of which is required for registration into higher level course.
- **Professional Core:** The courses that are essential constituents of legal discipline are categorized as Professional Core courses.
- **Professional Elective:** A course that is discipline centric. An appropriate choice of minimum number of such electives as specified in the program will lead to a degree with specialization.
- **Program Educational Objectives:** The broad career, professional, personal goals that every student will achieve through a strategic and sequential action plan.
- **Program Outcomes:** Program outcomes are statements that describe what students are expected to know or be able to do at the end of a program of study. They are often seen as the knowledge and skills students will have obtained by the time they have received their intended degree.
- **Program:** A set of courses offered by the Department. A student can opt and complete the stipulated minimum credits to qualify for the award of a degree in that Program.
- **Project:** A 'project' means and includes case study, research paper, article as suitable to the objectives of the Course and at the discretion of the Course Coordinator.
- **Registration:** Process of enrolling into a set of courses in a semester/ term of the Program.
- **Re-Registration:** Student who are detained in courses due to attendance or marks criteria as per their regulation are given a chance to re-register for the same and complete it during the summer term.
- **Semester End Examinations:** It is an examination conducted at the end of a course of study.
- **Semester:** It is a period of study consisting of 16±1 weeks of academic work equivalent to normally 90 working days including examination and preparation holidays. The odd Semester starts normally in July and even semester in December.
- **Seminar Paper:** A 'seminar paper' is a research report written by students under the supervision of Research Guide that evolves their course-based knowledge, accounting for a grade on the topics of contemporary relevance and of interest. It is a credit-based course.

- **Single Section Course:** Course taught for a single section.
- **Social Service:** An activity designed to promote social awareness and generate well-being; to improve the life and living conditions of the society.
- **Student Outcomes:** The essential skill sets that need to be acquired by every student during her/his program of study. These skill sets are in the areas of employability, entrepreneurial, social and behavioral.
- **Substitution of Elective course:** Replacing an elective course with another elective course as opted by the student.
- **Summer term:** The term during which courses are offered from May to July. Summer term is not a student's right and will be offered at the discretion of the University.
- **Supplementary:** A student can reappear only in the semester end examination for the Theory component of a course, subject to the regulations contained herein.
- **Underloading:** Registering for lesser number of credits than normally prescribed for a semester in that Program.

2. Eligibility Criteria for Admission

The candidate should have passed Intermediate examination or its equivalent, from recognized school leaving certificate examination boards in a regular stream (10+2) with a minimum of 45% marks. Relaxation of 5% marks will be applicable to S.C., & S.T., candidates.

3. B.B.A.,LL.B. Program Curriculum

For an academic program the curriculum is the basic framework that will stipulate the credits, category, course code, course title, course delivery (Lectures / Tutorials / Practice / Skill / Project/ Case Study /etc.), in the Choice Based Credit System. However, all such are essentially designed, implemented and assessed in Outcome Based Education Framework.

3.1 Program Structure

- An Academic Year is made of two semesters each is of, approximately 16+1 week duration and each semester is classified as:
 - Odd Semester (July–December)
 - Even Semester (December –May).
- KLEF may offer summer term between May and June.
- Students have the flexibility to choose courses of their own choice prescribed by the institution.
- Student can register for a maximum of 26 credits per semester. This is not applicable when student exercises the overloading option.

3.2 Course Structure

- Every course has a Lecture-Tutorial-Practice-Skill (L-T-P-S) component attached to it.
- Based upon the L-T-P-S structure the credits are allotted to a course using the following criteria.
 - Every 1 hour of Lecture / Tutorial session is equivalent to one credit.
 - Every 2 hours of Practical session is equivalent to one credit.
 - Every 4 hours of skill-based practice is equivalent to one credit.

3.3 Course Classification

Any course offered under B.B.A.,LL.B. program is classified as:

- **Humanities Arts & Social Science Courses (HAS):** Humanities, arts, and social sciences (HAS) courses are a broad field of study that encompasses the study of human culture and society. These courses focus on developing students' critical thinking, problem-solving, and communication skills. These skills are valuable in a variety of careers, and they can also help students become more engaged citizens.
- **Humanities Arts & Social Science Elective Courses (HASE):** Humanities Arts & Social Science Elective Courses provides students an opportunity to complement their legal education in their chosen fields of interest.
- **Management Courses (MNG):** Management courses is a field of study that focusses on educating and preparing students with the needed knowledge and skills, analytical ability as well as a managerial perspective that is needed in the highly competitive business environment.
- **Professional Core Courses (PCC):** Professional core courses are a set of courses that are essential for all law students. These courses provide students with the knowledge and skills they need to be successful in their chosen legal discipline.
- **Professional Elective Courses (PEC):** Professional electives are a set of courses that are chosen by students to supplement their legal education. Professional electives are a great way for students to customize their legal education and prepare for their future careers. By choosing electives that are relevant to their interests and goals, students can gain the knowledge and skills they need to be successful in their chosen field.
- **Open Elective Courses (OEC):** Open electives are a set of courses that are not specifically related to law, but that can provide students with knowledge and skills that are valuable in a variety of fields. Open electives are a great way for students to broaden their horizons and explore their interests outside of law. By choosing electives that are relevant to their interests and goals, students can gain the knowledge and skills they need to be successful in a variety of fields.
- **Clinical Courses (CC):** Clinical courses are a set of courses that help students develop their practical skills, such as interviewing clients, drafting legal documents, dispute resolutions and professional etiquettes. These courses also provide students with hands-on experience in practicing law.
- **Skill Development Courses (SDC):** Skill courses can provide students with the knowledge and skills which would enhance their legal and managerial proficiency, especially for students who are interested in pursuing a career in a particular field.
- **Project Research & Internships (PRI):** Project, Research and Internships can help students gain a better understanding of their chosen field by giving them the opportunity to apply their knowledge and skills to real-world problems. These can help students explore their interests by giving them the opportunity to work on projects that they are passionate about.
- **Value-Added Courses (VAC):** Courses leading to certification and those which are conducted exclusively for employability are referred to as value added courses. Though "Satisfactory" completion of value-added courses doesn't acquire any credit but they are part of the graduation requirements.

3.4 Course Precedence

The following are the guidelines for registering into courses with pre-requisites.

- Every course may have one or more of its preceding course(s) as pre- requisite(s).
- To register for a course, the student must successfully be promoted in these course(s) earmarked as pre-requisite(s) for that course.

4. Requirements for the award of Degree

The student is awarded a B.B.A.,LL.B. degree provided she/he

- Must successfully earn 225 credits, as stipulated in the program structure.
- Must successfully complete minimum three (3) certificate courses in discipline domain areas.
- Must successfully complete five (5) Internships, as stipulated in the program structure.
- Must have successfully obtained a minimum CGPA of 4.75 at the end of the program.
- Must have finished all the above-mentioned requirements in less than twice the period mentioned in the Academic structure for each program, which includes deceleration period chosen by the student, deceleration imposed by KLEF or debarred from the KLEF.

Y23 ACADEMIC REGULATIONS & EVALUATION TARGETS FOR AWARD OF DEGREES FROM BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF LAWS						
MAJOR FLEXIBILITY PROGRAM ADD-ON	Y23 BBA LLB				NO MAJOR FLEXIBILITY	
	SI No	REGUL/ EVAL	INDV/ TEAM	Regulation	Measure	Min. Requirement
NO PROGRAM ADD-ON	1	REGULATION	INDIVIDUAL	Min Credits	Credits	225
	2		INDIVIDUAL	Min CGPA	CGPA	4.75

	8		INDIVIDUAL	Technical Internship	NA	
	9		INDIVIDUAL	SDC Stream	NA	
10	INDIVIDUAL	Course Modes (Mode A Mode P)	NA			

5. Award of Degree

A student having cleared all the courses and met all the requirements for the award of degree with:

- $4.75 \leq \text{CGPA} < 5.75$ will be awarded Pass Class.
- $5.75 \leq \text{CGPA} < 6.75$ will be awarded Second-Class.
- $6.75 \leq \text{CGPA} < 7.75$ will be awarded First Class
- $\text{CGPA} \geq 7.75$ will be awarded First class with Distinction, provided the student has cleared all the courses in first attempt and must have fulfilled all the program requirements within the specified minimum years duration.

6. Attendance Rules & Detention Policy

6.1 Attendance policy for promotion in a course:

A candidate shall be deemed to have eligibility to appear for end-semester exams in any course if the student has attended a minimum of 70% of classes held in the course concerned, including the moot-court exercises, tutorials and practical training conducted in the course. If any student for any exceptional reasons fails to attend 70% of the classes held in any course, the Principal of the College may allow the student to take the exam, if the student concerned attended at least 65% classes held

in the course concerned and 70% of the classes in all the courses in entire semester taken together. In case of medical exigencies, the student/parent should inform the Principal of the College within a week by submitting necessary proofs and in such cases the attendance can be condoned up to an extent of 10% by Principal on the recommendation of the committee established for condonation.

- Attendance in a course shall be counted from the date of commencement of the classwork only and not from the date of his/her registration.
- Attendance for the students who are transferred from other institutes and for new admissions, attendance must be considered from the date of his/her admission.
- In case of attendance falling marginally below 75% due to severe medical reasons or any other valid reasons, the Principal / Program chair may bring such cases, along with valid and adequate evidence to the notice of the Dean Academics. The condonation board formed by Vice-Chancellor under the chairmanship of Dean-Academics will consider any further relaxation in attendance from the minimum attendance percentage requirement condition after going through case by case.

6.2 Attendance Condonation for Participation in KLEF / National / International Events:

Only those students nominated / sponsored by the KLEF to represent in various forums like seminars / conferences / workshops / competitions or taking part in co- curricular / extra- curricular events will be given compensatory attendance provided the student applies in writing for such a leave in advance and obtain sanction from the Principal basing on the recommendations of the Head of the Department (HoD) for academic related requests; or from the Dean Student Affairs for extracurricular related requests. For participation in the KLEF's placement process the names of students will be forwarded by the placement cell in-charge to the respective Heads of the Departments. Students participating in KLEF/National/International events like technical fests, workshops, conferences etc., will be condoned for 10% of total classes conducted for each course in the semester.

6.3 Course Based Detention Policy:

In any course, a student must maintain a minimum attendance as per the **attendance policy for promotion in a course**, to be eligible for appearing in the Sem-End examination. Failing to fulfill this condition, will deem such student to be detained in that course and become ineligible to take semester end exam.

6.4 Eligibility for appearing Sem-End Examination:

A Student registered for a course and maintained minimum attendance of 70% is eligible to write the Semester-End Examination for that course unless found ineligible due to one or more of the following reasons:

- Shortfall of attendance
- Detained
- Acts of indiscipline
- Withdrawal from a course

7. Assessment and Evaluation Process

The assessment is conducted in formative and summative modes with a weightage of 60% for Semester-In evaluation and 40% for Semester-End Evaluation.

The distribution of weightage for various components of formative and summative modes are decided and notified by the course coordinator through the course handout after approval by the Dean Academics, prior to the beginning of the semester. Students are advised to refer the course handout to get more detailed information on assessment.

- Sem-In tests and the Semester-End Examinations will be conducted as per the Academic Calendar.
- Students may have to take more than one examination in a day during Sem-In exams, Semester-End Examinations /Supplementary examinations.
- Examinations may be conducted on consecutive days, beyond working hours and during holidays.

7.1 Semester-In Evaluation

The following are the guidelines for the Semester-In evaluation.

- The process of evaluation is continuous throughout the semester.
- The distribution of marks for Semester-In evaluation is 60% of aggregate marks of the courses.
- To maintain transparency in evaluation, answer scripts are shown to the students for verification, within one week of conduct of exam. If there is any discrepancy in evaluation, the student can request the course-coordinator to re-evaluate.
- The solution key and scheme of evaluation for all examinations are displayed by the Course-Coordinator in the appropriate web portal of the course, on the day of the conduct of examination.
- In case the student is unable to appear for any evaluation component owing to hospitalization, participation in extra/ co-curricular activities representing KLEF/ state/ country; the Dean Academics can permit to conduct of re- examination for such students.
- In case a student has missed any of the two in-semester evaluations, S/he is eligible for and will be provided with an opportunity of appearing for re- examination.

7.2 Semester End Examination

- The distribution of marks for Semester-End evaluation is 40% of aggregate marks of the Course.
- The pattern and duration of Sem End examination are decided and notified by the Course Coordinator through the Course handout, after approval from the Dean Academics.
- To maintain transparency in evaluation, answer scripts are shown to the students for verification. If there is any discrepancy in evaluation, the student can request the Controller of Examinations to re-evaluate.
- If a student earns 'F' grade in any of the courses of a semester, an instant supplementary exam (for only Semester End Exam component) will be provided within a fortnight of the declaration of the results.

7.3 Assessment of Project/Research-Based Subjects

All project or research-based subjects must have a defined time limit for completion. The specific time limits and schedule for monitoring and evaluating student performance will be announced each term. The final project report, after obtaining a plagiarism certificate, will be considered, and evaluated by the panel of examiners. Student project reports must follow the guidelines prescribed by the Dean of Academics.

7.4 Absence in Assessment & Examination

If a student fails to take any formative assessment component (due to ill-health or any valid reason), no second chance will be given, and zero marks will be awarded for the same. In cases of excused absence, the instructor may provide an opportunity to the student to reappear in quizzes or assignments or any other internal assessment criteria based on the approval from the principal & the concerned Head of the Department in written. If a student fails to write Sem-In Exam-I or obtained less than 50% marks in Sem-In Exam-I, he must attend remedial classes and maintain a minimum 85% of attendance in remedial classes to be eligible for Make-up test for Sem-In exam-I. Further, the number of remedial classes to be conducted shall be 50% of regular classes held till the Sem-In exam-I. However, there is no make-up test for Sem-In Exam-II or for the Laboratory exams.

A student's absence for Sem-In exams under the following circumstances are only considered for makeup test.

- Pre-approved participation in University/State/National/International co-curricular and extra-curricular activities
- Ill health and medical emergencies for the student leading to hospitalization with certification by the doctor stating inability of student to attend Sem-In exams clearly within the necessary dates.
- Death of immediate family member

7.5 Remedial Classes & Remedial Exam

The following categories of students are recommended to attend Remedial classes:

- Students who did not attend or obtain a minimum of 50% marks in the Sem-In examination-1
- Students for whom the learning objectives of CO1/CO2 are not attained in the Sem-In examination-1
- Any other student may also be permitted to attend remedial classes as per the discretion of the Principal.

The following are the guidelines to conduct remedial classes:

- Remedial classes are scheduled to be conducted usually one- or two- weeks after the conclusion of Sem-In exam-1.
- The number of remedial classes to be conducted shall be 50% of regular classes held until the Sem-In exam-I.
- Remedial classes MUST NOT be scheduled during regular class work hours.

The following are the guidelines for remedial exams:

- Students attending remedial classes must maintain attendance of minimum 80% in classes conducted under remedial classes, without fail for being eligible for attending remedial exam.
- After conduction of remedial test, the Sem-in exam-1 marks will be updated by considering the weightage of 75% of marks obtained by student in remedial exam, and 25 % of marks obtained by student in regular exam; with a CAP of 75% in overall marks.

7.6 Grading Process

At the end of all evaluation components based on the performance of the student, each student is awarded grade based on absolute/relative grading system. Relative grading is only applicable to a

section of a course in which the number of registered students is greater than or equal to 25. Choice of grading system is decided by the Course-Coordinator with due approval of Dean Academics and is specified in the course handout.

7.6.1 Absolute Grading

The list of absolute grades and its connotation are given below

Performance	Letter Grade	Grade Point	Percentage of marks
Outstanding	O	10	90-100
Excellent	A+	9	80-89
Very Good	A	8	70-79
Good	B+	7	60-69
Above Average	B	6	50-59
Average	C	5	46-49
Pass	P	4	40-45
Fail	F	0	0-39
Absent	AB	0	Absent

7.6.2 Relative Grading

The following table lists the grades and its connotation for relative grading:

Letter Grade	Grade Point	Grade Calculation
O	10	total marks $\geq 90\%$ and total marks $\geq \text{mean} + 1.50\sigma$
A+	9	$\mu + 0.50\sigma \leq \text{total marks} < \mu + 1.50\sigma$
A	8	$\mu \leq \text{total marks} < \mu + 0.50\sigma$
B+	7	$\mu - 0.50\sigma \leq \text{total marks} < \mu$
B	6	$\mu - 1.00\sigma \leq \text{total marks} < \mu - 0.50\sigma$
C	5	$\mu - 1.25\sigma \leq \text{total marks} < \mu - 1.00\sigma$
P	4	$\mu - 1.50\sigma \leq \text{total marks} < \mu - 1.25\sigma$ or ≥ 40
F	0	total marks $< \mu - 1.50\sigma$ or total marks ≤ 39
AB	0	Absent

μ is the mean mark of the class excluding the marks of those students who scored $\geq 90\%$ and $\leq 40\%$ after rounding the percentages to the next highest integer. σ is the standard deviation of the marks.

7.7 SGPA & CGPA

The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses and the sum of the number of credits of all the courses undergone by a student, in a semester.

Where ' C_i ' is the number of credits of the i^{th} course and ' G_i ' is the grade point scored by the student in the i^{th} course.

The CGPA is also calculated in the same manner considering all the courses undergone by a student over all the semesters of a program, where 'Si' is the SGPA of the ith semester and 'Ci' is the total number of credits in that semester.

- The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.
- CGPA can be converted to percentage of marks: $10 \times \text{CGPA} - 7.5$
- A student appearing for a course having practical integrated with theory and in case obtains less than 40% in either of practical or theory component of semester end examination, and in such case the student must reappear for the component only in which he has secured less than 40%. Till successful attainment of minimum 40% of both components, the student remains in the F grade for that course.
- At the end of each semester, the KLEF issues a grade sheet indicating the SGPA and CGPA of the student. However, grade sheets will not be issued to the student if he/she has any outstanding dues.

7.8 Illustration of Computation of SGPA and CGPA

7.8.1 SGPA Computation

COURSE	CREDITS	GRADE LETTER	GRADE POINT	CREDIT POINT (Credit x Grade)
Course 1	3	A	8	3 X 8 = 24
Course 2	4	B+	7	4 X 7 = 28
Course 3	3	B	6	3 X 6 = 18
Course 4	3	O	10	3 X 10 = 30
Course 5	3	C	5	3 X 5 = 15
Course 6	4	B	6	4 X 6 = 24
	20			139

Thus, $\text{SGPA} = 139/20 = 6.95$

7.8.2 CGPA Computation

Item	Semester					
	I	II	III	IV	V	VI
Credits	20	22	25	26	26	25
SGPA	6.9	7.8	5.6	6.0	6.3	8.0

Thus,
$$\text{CGPA} = \frac{(20 \times 6.9 + 22 \times 7.8 + 25 \times 5.6 + 26 \times 6.0 + 26 \times 6.3 + 25 \times 8.0)}{(20 + 22 + 25 + 26 + 26 + 25)} = 6.73$$

7.8 Betterment

A student may reappear for semester end examination for betterment only in the theory part of the course for improving the grade, subject to the condition that, the student has passed the course, his/her CGPA is ≤ 6.75 and the grade in the respective course to be equal to or lower than "C". In the case of reappearing for a course, the best of the two grades will be considered. A Student can re-register in any course in any semester during the program for improvement of grade if the current

grade in the course is lower than B+ and with due approval from Dean Academics in accordance with academic regulations. A student cannot reappear for semester end examination in courses with their L-T/ST-P-S Structure like 0-0-X-X, Project, and Seminar Paper.

8. Credit Transfer

8.1 Credit transfer between KLEF and other institution

- a. **Credit transfer from KLEF to other institutions:** Student studying in KLEF can take transfer to another institution under the following conditions:
 - i. KLEF has signed MOU with the institution.
 - ii. However, a student, after seeking transfer from KLEF can return to KLEF after a semester or year. Based on courses done in the other institution, equivalent credits shall be awarded to such students.
- b. **Credit transfer from another institution to KLEF:** A student studying in another institution can take transfer to KLEF under the following conditions:
 - i. When a student seeks transfer, equivalent credits will be assigned to the student based on the courses studied by the student.
 - ii. The student, when transferred from other institutions, has to stick to the rules and regulations of KLEF.
 - iii. To graduate from KLEF, a student must study at least half of the minimum duration prescribed for a program at KLEF.

8.2 Credit Transfer Through MOOCs:

Undergraduate students can get credits for MOOCs courses recommended by KLEF up to a maximum of 20% of their minimum credits required for graduation. The discretion of allocation of MOOCs courses equivalent to the courses in the curriculum lies with the office of the Dean Academics.

A student may also be permitted to obtain 20 credits through MOOCs in addition to the minimum credits required for graduation. These 20 credits can also be utilized to acquire a Minor degree or an Honors degree if the courses are pronounced equivalent to those specified for the respective degrees by the office of the Dean Academics. These additional credits through MOOCs if to be considered for CGPA/Minor/Honors degree must be approved by Dean Academics prior to enrollment in the respective MOOCs.

Students acquiring additional credits for Honors / Minor degree must adhere to the rules governing the award of the respective degree, otherwise, a student applying for registering into additional credits through MOOCs must possess a minimum CGPA of 7.5 till that semester.

9. Rustication

A student may be rusticated from the KLEF on disciplinary grounds, based on the recommendations of any empowered committee, by the Vice Chancellor.

10. Award of Medals

KLEF awards Gold and Silver medals to the top two candidates in each program after successful completion of their study. The medals are awarded based on their CGPA during the Annual Convocation with the following constraints:

- a. The grade obtained through betterment/ supplementary will not be considered for this award.
- b. S/he must have obtained first class with distinction for the award of Gold or Silver-medal.

11. Academic Bank of Credits

ABC helps the students to digitally store their academic credits from any higher education institute registered under ABC in order to award Certificate/Diploma/Degree/Honors based on the credits earned by the student. All the credits acquired by the students are stored digitally by registering into Academic Bank of Credits (ABC) portal. It also supports retaining the credits for a shelf period and continue their program study with multiple breakovers. Students may exit from their current program of study due to any unforeseen reasons or to focus on their chosen career path. In such cases, the student may break for a period of time (preferably not in the middle of an academic year) and may continue with the program of study at a later stage. Moreover, students must be able to complete their program by not exceeding the maximum duration of the program. If not, they may be issued with a Certificate, diploma, degree or honors based on the credits acquired over the period of time for all the programs approved by UGC.

Academic, Career & Psychological Counselling

Effective academic counselling, career counselling, and personal counselling foster student success and are an integral part of the institutional environment. Academic counselling provides students with clear pathways for successful and timely completion of their academic goals, through either degree or certificate programs at two-year colleges or transfer to four-year colleges or universities. Career counselling provides information about a wide variety of employment opportunities available in chemistry-based careers. Personal counselling leads to successful completion of educational and career goals with good moral and ethics.

Mentors, Advisers, counsellors, and faculty members should help students (UG and PG) develop educational goals and guide their professional development via networking opportunities, confidence building, and career planning. A strong collaboration among faculty, counsellors, and advisers at the institution and their students and parents should be fostered and sustained in order to increase students' successful graduation, transfer, job placement, and achievement of career goals.

The following are the various parameters that are taken into consideration in the respective counselling process.

Academic Counselling

A mentor or counsellor pays personal attention to and monitors student's academic progress. Students meet the allotted counsellor every fortnight and counsellor records the academic issues faced by the students, if any. The academic progress of the student is tracked by the counsellor and the same is informed to the parents of the students every month. A consolidated counselling report is submitted by the Department Academic Counselling Board to the Office of Dean Academics through the Professor In-Charge of the Department. Office of Dean Academics discusses with the departments to understand the various aspects that contribute to the development of the students and the ways to address & resolve the issues faced by their students. The outcome of the

meeting may be in identifying the best practices to be adopted by the mentors to effectively guide the students, training to be adopted for students and mentors, therapeutical sessions to be arranged in consultation with psychologists, teaching learning practices to be improved, etc.

Career Counselling

The skill development and student progression division play an exemplary role in the overall progress and career growth of the students. SWEAR (Strengths, Weakness, Eligibility, Availability and Resources) analysis is done for the students at regular intervals in order to identify their strengths, weaknesses, interests, career category of interest (employability, research or entrepreneurship), pre-existing knowledge, aspects to improve, etc. The survey results are analysed and necessary insights are derived from it for the appropriate planning by the skill development and student progression division and communicated to the departments. Necessary training programs in areas like soft skills, communication, life skills like yoga, meditation are arranged under the aegis of skill and sports division through experts from appropriate industry as trainers.

Psychological Counselling

Mentors are encouraged to guide the students on various aspects mentioned below to ensure the overall development of the students. Mentors are given necessary professional development programs to effectively guide the students on these aspects to ensure the holistic development of the students. As the students go to the mentor for regular interaction as a part of their timetable, they establish a good connection with them and be ready to listen to the mentor on the areas they should focus upon in order to excel well in academics. Some of the varies aspects the mentor advises the students upon are time management, classroom activities, anti-ragging policy, positive attitude, human values, motivational lectures, self-awareness, gender sensitization, family relations, peer relations, physical-emotional-mental health, sports, cultural activities, hostel room/home related.

In spite of the best efforts of the mentor in guiding the students on the aspects mentioned above, in some of the cases the students may need the support of the psychologists to overcome their mental health issues. In such cases, the mentors are required to recommend those students to the psychologists for further action. Based on the counselling feedback received from the counsellors, the department chair recommends the student for personal or psychological counselling by psychologists, if required for the improvement of student's academic progress and behavioural process. The University appointed psychologists will counsel the student and provide few recommendations to improvise the personal attitude and professional career growth. The same will be forwarded to the parents of the student.

Feedback System

Monitoring of feedback is a continuous process. Feedback is obtained from students and parents on various aspects. Feedback is taken through personal interaction with students, interaction with parents in addition to mid-semester and end-semester feedback. The following are the different feedbacks:

- **Student General Feedback:** General Feedback is taken from the students on the aspects like Course Contents, Teaching Learning Process, Outcomes, Resources and Evaluation twice in every semester (Mid semester and End Semester Feedback) in a structured format floated by Office of Dean Academics.
- **Student Satisfaction Survey:** Student Satisfaction Survey to all innovative methods and approaches should be recorded at appropriate intervals and the process should be refined based

on that. Students should be sensitized on the process and methods and their understanding of the same should be assured.

- Student Exit Feedback: Exit feedback is taken from the final year students on the aspects like entrance test, admission process, Course Contents, Teaching Learning Process, Outcomes, Resources and Evaluation, placements etc.
- Stakeholders Feedback: Stakeholders feedback for design and review of syllabus is taken at the end of every semester from Students, Alumni, Academic Peers, Parents and Industry Personnel.
- Faculty Satisfaction Survey: Satisfaction Survey is taken from the existing faculty on Course Contents, Teaching Learning Process, Outcomes, Resources and Evaluation once in every semester in a structured format floated by Office of Dean Academics.

The feedback collected from students and other stakeholders will be duly analyzed, classified, summarized and finally, a consolidated Action Taken Report will be prepared over the collective issues raised by the students and the stakeholders in the feedback. The finalized Action Taken Report will be forwarded to the Board of Studies and after obtaining approval in the Academic Council, suggested amendments will be made to the curriculum.

COURSES**

GENERAL ENGLISH AND LEGAL LANGUAGE (GELL)

COURSE CODE	23UC1101L	MODE	R	LTPS	1040	PRE-REQUISITE	NIL
-------------	-----------	------	---	------	------	---------------	-----

Course Outcomes

CO#	CO Description	BTL	PO Mapping
CO1	Students will be able to understand the legal principles.	2	PO9
CO2	Students will be able to present the legal aspects with the legal terminology.	3	PO9
CO3	Students will be able to understand the intricate problems of law and will equip him with the faculty of articulation and sound writing.	4	PO7
CO4	Students are able to understand the professional legal communication skills.	2	PO10

Syllabus:

Module 1	English Grammar – Sentence; subject and predicate; Phrase and clause; Case; Number; Person; Gender; Tense; Aspect; Active–Passive; Modals; Prepositions; Infinitives; Gerunds; Adjectives; Degrees of comparison; Articles.
Module 2	Passive and Active listening – Questioning – Non-Verbal Communication – Listening Comprehensive – Consulting a dictionary – Synonyms and antonyms – Regular Vocabulary Exercises – Plain English. Legal language –Semantics; Morphology; Phonetics; Forensic linguistics. Characteristics – History – English as a medium of communication for legal transactions in India.
Module 3	Fundamental Principles of Legal Writing – Conscion – Clarity – Cogency – Simplicity of Structure – Brief Writing and Drafting of Law Reports - Writing of Case Comments – Essay writing on topics of legal interests – Terms used in Civil Law and Criminal Law – Latin words and expressions.
Module 4	General Juristic Writing in English; Proficiency in Regional Language. Activities:1. Know your Partner 2. ESCATALK 3. Desperate Decision 4. PMI 4. Tell me Why

DESIGN THINKING AND INNOVATION (DTI)

COURSE CODE	23UC1203	MODE	R	LTPS	0-0-4-0	PRE-REQUISITE	NIL
-------------	----------	------	---	------	---------	---------------	-----

Course Outcomes

CO#	CO Description	BTL	PO/PSO Mapping
CO1	Understand the importance of Design thinking mindset for identifying contextualized problems	2	PO2, PO6
CO2	Analyze the problem statement by empathizing with user	4	PO3, PO7
CO3	Develop ideation and test the prototypes made	3	PO5, PO7
CO4	Explore the fundamentals of entrepreneurship skills for transforming the challenge into an opportunity	2	PO5, PO8

Syllabus:

Module 1	<p>Introduction to Design Thinking and Innovation</p> <ul style="list-style-type: none"> • Introduction to design thinking and its principles • Learning, listening, observation, dialogue, and reading in the context of design thinking • Design definitions and stories: desirability, feasibility, viability, mystery, heuristics, algorithm, requirements, patterns, connect, blind spots • Laws of Design Thinking: less is more, last 2% equals 200%, theory of prioritization • Design mind: definitions, 5 forces of growth (SEPIA), 5 frictional forces (DCAFE), 3 capacity levers (VAL)
Module 2	<p>Design Thinking Process</p> <ul style="list-style-type: none"> • Overview of the design thinking process • Design thinking for contextualized problem-solving • Incorporating sustainable development goals into design thinking • Design framework (LO) • Empathy research: understanding user needs and perspectives • Persona development: creating user profiles • Customer journey mapping: visualizing user experiences • Define phase: asking the right questions and problem statement formulation
Module 3	<p>Ideation and Prototyping</p> <ul style="list-style-type: none"> • Ideation techniques: brainstorming and generating creative ideas • Identifying patterns and anti-patterns in ideation • Evaluation of ideas using different criteria (10/100/1000 gm)

	<ul style="list-style-type: none"> Prototyping and testing: translating ideas into tangible prototypes
Module 4	<p>Entrepreneurial Innovation</p> <ul style="list-style-type: none"> Introduction to innovation management Basics of business models and their role in innovation Financial estimation for innovation projects Pitch decks: creating persuasive presentations for innovation Considerations for intellectual property rights (IPR) in innovation

COMPUTATIONAL THINKING FOR LAW (CTL)

COURSE CODE	23BL11C5	MODE	R	LTPS	2020	PRE-REQUISITE	NIL
-------------	----------	------	---	------	------	---------------	-----

Course Outcomes

CO#	CO Description	BTL	PO Mapping
CO1	Understand the basic syntax and data types of Python.	2	PSO1, PO1, PO5
CO2	Understand the different types of data structures in Python, such as lists, dictionaries.	2	PSO1, PO1, PO5
CO3	Understand the basic concepts of OOP, such as classes, objects, attributes and methods.	2	PSO1, PO1, PO5
CO4	Be able to work with external libraries in Python.	3	PO5, PSO1, PO1
CO5	Perform basic operations with NumPy arrays, data manipulation with Pandas Data Frames.	3	PO5, PSO1, PO1

Syllabus:

Module 1	Introduction to Python Fundamentals: Installing Python and a code editor, Basic syntax and data types (strings, numbers, booleans), Using print() function and comments, Variables and variable assignment, Conditional statements (if, elif, else), Loops (for and while)
Module 2	Data Structures and Functions: Lists and their operations (slicing, appending, etc.), Dictionaries and accessing values using keys, Introduction to functions and their importance, Creating and using functions in Python, File handling basics (reading from and writing to files), Handling exceptions and error messages.
Module 3	Object-Oriented Programming (OOP): Introduction to OOP concepts (classes, objects, attributes, methods), Creating classes and objects in Python, Encapsulation and inheritance basics.
Module 4	Libraries and Application Development: Working with external libraries (e.g., NumPy, Pandas), Basic operations with NumPy arrays, Data manipulation with Pandas Data Frames.
