A Report on Plantation Drive Conducted on

13-08-2022 at Pedavadlapudi Village

KL Deemed to be University (Koneru Lakshmaiah Education Foundation), **Electronics and Communication Engineering (ECE) Unit- 02 National Service Scheme (NSS)** has conducted “**Plantation Drive**” on **13-08-2022** at **Pedavadlapudi Village**.

Team **KLEF NSS Unit- 02** had participated in the Plantation Drive program on 13-08-2022. All the necessary arrangements were done a day before. Mr.P.Srikanth Reddy Programme Coordinator, KLEF NSS Cell, Mr.P.Suresh, Coordinator, CEA along with NSS Student Advisory team has arranged all the necessary arrangements that are needed for successful implementation of event.

Since the beginning, trees have furnished us with two of life’s essentials, food and oxygen. As we evolved, they provided additional necessities such as shelter, medicine, and tools. Today, their value continues to increase and more benefits of trees are being discovered as their role expands to satisfy the needs created by our modern lifestyles. Trees contribute to their environment by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil and supporting wildlife.

You can grow your own fruit or nuts in your backyard. By planting fruit or nut plants in your yard, you can produce abundant food for yourself and your family, and perhaps even enough to share with friends, neighbors, other family members, and others in your community. Trees produce many important products that we use in our daily lives, including wood, medicine, and food.

“Save the trees, Save the Earth. We are the guardians of nature’s birth”

All the Team members are well coordinated and done the event successful. Dr.Ch. Hanumantha Rao, Dean, Student Affairs, Dr.Habibulla Khan, Dr. KRS.Prasad, Advisors, Dean, Student Affairs to appreciate the volunteers. The camp was presided

over by Mr.P.Srikanth Reddy, Programme Coordinator, KLEF NSS Cell; the camp was led by Mr. P.Suresh, Coordinator, CEA.
