A Report on Sanitation & Plantation Programmes

Conducted on 02-10-2021 at Revendrapadu

KL Deemed to be University (KoneruLakshmaiah Education Foundation), Department of **Mechanical Engineering (ME) National Service Scheme (NSS)** has conducted “**Sanitation & Plantation**” on **02-10-2021** at **Revendrapadu** Village. Team **KLEF NSS Unit- 03** had participated in the Sanitation & Plantation programmes on 02-10-2021. All the necessary arrangements were done a day before. Mr.P.Srikanth Reddy Programme Coordinator, KLEF NSS Cell, Mr.V.Nagaraju, Programme officer, Unit-03, Mr.P.Suresh, Coordinator, CEA along with NSS Student Advisory team has arranged all the necessary arrangements that are needed for successful implementation of event.

On 02-10-2021, we as a team started at 10:30AM from our University and reached there by 10:45 AM. There we were divided into teams by our coordinators, and we have gone as per our plan of cleaning the Roads, some public places. As per the plan, we bleached the drainages and create the awareness about the importance of cleanliness in the Villagers.

Since the beginning, trees have furnished us with two of life’s essentials, food and oxygen. As we evolved, they provided additional necessities such as shelter, medicine, and tools. Today, their value continues to increase and more benefits of trees are being discovered as their role expands to satisfy the needs created by our modern lifestyles. Trees contribute to their environment by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil and supporting wildlife.

“Save the trees, Save the Earth. We are the guardians of nature’s birth”

All the Team members are well coordinated and done the event successful. This program was presided over by Dr.K.S.R.Prasad Dean, Student Affairs. The event was lead by Mr.P.Srikanth Reddy Programme Coordinator, KLEF NSS Cell, Mr.V.Nagaraju, Program officer, Unit-03 Mr.P.Suresh, lead by NSS Student Advisory team.
