### **A Report on Household Survey**

### **Conducted On 05-11-2022 at Mellampudi Village**

On **November 05<sup>th</sup>, 2022**, at Mellampudi Village, **KL Deemed to be University NSS Unit-09** (KL School of Architecture) conducted Household survey.

#### **Details of the Program:**

Household surveys are one of the most important sources of social and demographic statistics about village. While housing censuses is also a key source of such statistics. Household sample surveys — which can investigate almost any population-based subject — are therefore a powerful alternative, becoming one of the most flexible sources of data on social phenomena. These surveys help us understand the basic needs and the daily challenges faced by every household in the populace. Earlier these surveys were conducted manually, the field scientists would go door to door — record data, study, observe, and gain experience from the households being surveyed. These surveys were conducted mainly to track the living standards, demographics and understand the socio-economic aspect of each household in a specific area.

**Two primary household survey components,** To get accurate information household survey has two surveys covering different aspects of a household to get a better understanding: Household roster & Questionnaire.

**A household roster** – Answers questions that needed specific information about a particular household.

- What is their relationship to the head of the household?
- What is the age and gender of every member?

- What level of education do they have, are they literate?
- How many children and adults are there in the household?
- Are the children studying?
- Which age groups do the members of the household fall in?

**The Questionnaire** – Captures the specific details of every individual in the household.

- Who is the head of the household?
- How many members of the household are married?
- Information about personal life, marriage, children, etc. are covered in this Questionnaire.

Our Programme officer Ar. Senthilkumar. P cherished the initiative of the volunteers and planned accordingly. The NSS volunteers are supervised by faculty Ar. Senthilkumar. P, Ar. Harshitha & Coordinators Mr.P.Suresh, was participated in this activity.
