5.	No. of Students Participated	:	33
6.	Objective of event	:	To commemorate the birth anniversary of Gregor Johann Mendel and to enhance students' knowledge and appreciation of his groundbreaking research in genetics
7.	Description of the event	:	
	<p>On July 20th, we commemorate the birth anniversary of Gregor Johann Mendel, a pioneering scientist whose groundbreaking work laid the foundation for modern genetics. The Seed Production Club of the Department of Genetics and Plant Breeding, KL College of Agriculture, is proud to host an event honoring his invaluable contributions to the field.</p> <p>Mendel's meticulous experiments with pea plants revealed fundamental principles of heredity, such as the laws of segregation and independent assortment. His discoveries, often overlooked during his lifetime, have since become cornerstones of our understanding of genetics and have revolutionized agriculture, medicine, and biotechnology.</p>		

	<p>This event aims to celebrate Mendel's legacy by:</p> <ul style="list-style-type: none"> • Highlighting his life and work: Delving into the life of this extraordinary scientist and exploring his experimental methods and findings. • Showcasing the impact of his research: Discussing the far-reaching implications of Mendel's work on various fields, from agriculture and plant breeding to human genetics and medicine. • Inspiring future generations: Encouraging students to explore the exciting world of genetics and to appreciate the scientific method and the pursuit of knowledge. 		
8.	Outcome of the event	:	<ul style="list-style-type: none"> • Inspired students: Increased interest in genetics and plant breeding as potential career paths. • Stronger club: A more cohesive and engaged Seed Production Club. • Positive reputation: Enhanced reputation of the Department of Genetics and Plant Breeding and the college as a whole. • Legacy building: A lasting impact on the college community by honoring a scientific pioneer.
