

## FLORAL BRILLIANCE: CELEBRATING CREATIVITY AND ACADEMIC LEADERSHIP

KL College of Agriculture recently hosted a vibrant event showcasing the talents of second-year B.Sc. (Hons.) Ag. students in Western/English flower arrangement, as part of the Production Technology course on ornamental, medicinal, and aromatic plants, and landscaping. The highlight was the presentation of bouquets to the Honourable Pro VC, Dr. AVS Prasad Sir of KL University, symbolizing students' gratitude for his leadership. The event was graced by the Director, Dr. P Ratna Prasad Sir, whose presence added significance, offering valuable insights. This event served as an invaluable platform to delve into the intricacies of floral artistry, where students explored various arrangement techniques like the triangular, circular, and S-shaped designs. Each arrangement served as a canvas, meticulously crafted with a blend of botanical elements to evoke different moods and aesthetics. The use of specialized materials such as floral foam ensured structural integrity, while the selection of cut foliage's and flowers showcased an understanding of colour theory and composition. Beyond mere decoration, these arrangements embodied the fusion of science and art, reflecting the students' dedication to mastering their craft. This event celebrated collaboration and mentorship, highlighting the college's commitment to academic excellence and student development. It served as a reminder of the collective effort required to nurture future leaders in agriculture and horticulture.
