Koneru Lakshmaiah Education Foundation Greenfields, Vaddeswaram, GUNTUR – 522 502

Report on the 2-Day Training-cum-Workshop on NBA Accreditation: An Outcome Based Approach

5-6 March 2022

Organized Jointly by IQAC and ASC, KLEF

Venue : Peacock Hall

Duration: 2 Days (5-6 March 2022)

Timings:

Day 1: 9:00 AM - 6:15 PM Day 2: 8:00 AM - 1:30 PM

Details of the sessions are given below:

| Date | Criterion Number | Resource person |
|--------------|------------------|----------------------------|
| 05-03-2022 & | All Criteria | Prof. K. Mallikarjuna Babu |
| 06-03-2022 | | Prof. R. V. Ranganadh |
| | | Prof. G. Varaprasad |

The 2-day Workshop commenced with the traditional lighting of the lamp.

The Dean-Quality, in his opening remarks has outlined the importance of this 2-day workshop to close to about 125 faculty members, who are directly involved with this upcoming NBA Accreditation process for the FOUR identified departments, viz. Biotechnology, CSE, ECE & ME. He advised all participants to not only learn from the Resource persons but and also try to interact with them as much as possible in clarifying their doubts. This was followed by the following words from Professor K. Subba Rao, Principal, COE, KLEF.

The Principal, COE has thanked the Resource persons, who are actually NBA Assessors and having wide knowledge in this subject. The Principal advised all participants, which include: HODs, Criterion in-charges (both at Central level Dept level) and all faculty, who car directly or indirectly involved in this Accreditation process to focus on the deliberations and to involve themselves with the proceedings of this workshop. He asked at least one faculty from each department to present CO-PO Mapping and Articulation Matrix for one subject, perhaps o the second day of th the workshop. He also asked all participants to be punctual in attending the 2-day workshop.

The Dean-Quality briefly introduced the Senior Resource person, Professor K. Mallikarjuna Babu, who was former Principal of BMS College of Engg, Bangalore and Former Vice-Chancellor of Reva University, Bangalore to the audience and requested him to conduct the workshop.

Dr Mallikarjuna Babu started his address by the following quotation by William G. Spady:

"All students can learn and succeed, but not on the same day in the same way".

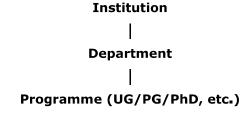

He briefly touched upon the perspective of the NBA Assessors and outlined the way the 2-day workshop is going to be conducted by him and two of his companions.

He also outlined the "Blooms Taxonomy", just to refresh the memory of the participants, followed by the following list of items to be covered in his opening session (in brief) and during the course of the workshop (in detail):

Key components of OBE are as follows:

- Vision, Mission
- ➤ PEOs
- ➤ POs
- PSOs
- ➤ Cos
- > NBA SAR Filling/Guidelines and suggestions
- Performance
- > Continuous Improvement

The hierarchy is:

The other important aspects are as follows:

- > Curriculum
- > Co-curriculum
- > Extra-curriculum
- > Career
- > Faculty development
- > Student development, etc.

The Speaker has then stressed upon the Quality control, Quality assurance and Quality Policy aspects of HEIs. He then moved onto the topic of Outcome Based education (OBE) vis-à-vis Graduate Attributes (GAs). He explained the definition of OBE given by Tucker. OBE is as "Agreement".

He also informed the audience that the HEI should aim at a score of 780-800, so that we end up with at least \geq 750 marks (out of 1000), to obtain 6 years' accreditation from NBA. One of the requirements if that the HEI should have at least 30% PhDs among the faculty.

He then discussed the primary aspects, viz. VISION and MISSION Statements and PEOs. He cautioned that the

every mission statement is 'measurable'. Assessment is the 'key; in fact, Assessment is the 'king'. Then he moved onto "Learning Outcomes". Key features of Learning outcomes are:

- Direct the show
- > Destination statements of the education journey
- Describe the results
- > Describe the results that must be achieved
- > Describe what the student ha to demonstrate
- Assessment
- Credit transfer
- Life-long learning.

He then referred to the "Complex engineering problems" described in PO1-PO5, which are related to the domain knowledge. Open-ended questions, which call for some meaningful assumptions to be made by the students, can be considered as Complex engineering problems. He also touched upon "Critical thinking"

Dr Babu concluded with the quotation by Peter Drucker:

"If you can't measure it, you can't improve it".

Dr Mallikarjuna Babu answered few questions raised by some of the participants.

Day 1: Second Session

The afternoon session was taken by Dr G. V Ranganath, Professor of Civil Engineering, BMS Institute of Technology, Bangalore.

Dr Ranganath briefly explained all the 10 NBA Criteria and the importance of documentary evidences while filling up the SAR. He also emphasized the care in filling up

the SAR for obtaining 6-year accreditation. Then he explained each and every Criterion in detail bringing in the intricate points. Some important points are noted here:

- COs are very important. Faculty should be able to write COs properly.
- "Graduate Outcomes" are very important.
- > It is the "fundamental courses" that took the IITs to what thy ae today.
- The 12 POs were designed by Experts in Education Technology.
- "Elective" subjects are not use or computations.

Day 1: Post-Lunch Session

Dr Ranganath continued his address post lunch explaining the Criteria #4-8. He outlined the importance of problem-based learning. E. g. "Design a battery-operated car". A problem of this nature makes the Student to learn a whole lot of things while solving the problem practically! Moving on, some more important points are as follows:

- Pass percentage is important
- ➤ Student: Faculty Ration should be ≤15. It is better to maintain 17-18:1.
- > At least 75% faculty should be regular faculty; 25% can be adhoc/contract faculty.
- > Faculty retention is important.
- > Carrot/stick method may be used.
- Visiting/Adjunct faculty carries 10 Marks.
- > Extreme care should be taken while mapping the CO-POs. Each CO may be mapped to 3-4 POs (Max.)

Day 2: First Session

Dr Ranganath continued his address into the second day forenoon. He explained Criteria #9 & #10 in detail. He emphasized the importance of Mentoring system: maintaining mentioning diary, etc.

He stated that Criteria #8 & #10 are central level activities.

Dr Ranganath answered several queries from the participants related to different Criteria before handing over the session to the third Resource person, Dr Varaprasad, Professor of CSE, BMS Institute of Technology, Bangalore.

Day 2: Second Session

Dr Varaprasad has explained in details the mapping of Cods-POs and Creation of Articulation matrix. He took several examples and made an excellent presentation on this subject. He also advised the participants to be vigilant in choosing the courses and their COs while preparing the SAR.

Day 2: Second Session

The third and last session of the day is kept for brief presentations by senior faculty from each of Biotechnology (HOD: Dr K. Giridhar), CSE (Dr P Sai Kiran) and ECE (Dr Madhukar Deshmukh – Dy. HOD) Departments. They chose one typical course and demonstrated the COs and how they mapped the COs to POs and at different levels. All three Resource persons have carefully watched the presentations and made some useful

suggestions.

Feedback:

About four senior faculty members, one from each of the BT, CSE, ECE and EEE Departments gave feedback on the Workshop. All faculty felt (unanimously) that the Workshop has been conducted very well and the Resource persons have been taken considerable pains to explain various NBA Criteria and clarified the doubts posed by different participants. As a matter of fact, the 2-day workshop was conducted in a very interactive way and most faculty have interacted well with the Resource persons.

Indeed, it was a grand success.

The workshop concluded with concluding remarks by Dr K. Ramakrishna, Dean-Quality and Professor K. Subba Rao, Principal-COE and Vote of thanks by Dr M. Venu Gopala Rao, Associate Dean-Quality.
