Venue : KLEF

No.of Foreigner students Participants : 50

OBJECTIVE

The objective of organizing a festival for international students is to create an inclusive and enriching environment that celebrates diversity and promotes cultural exchange. This festival aims to provide a platform for international students to share their unique cultures, traditions, and experiences with the broader academic community. It seeks to foster cross-cultural understanding, tolerance, and appreciation among students from different backgrounds. Additionally, the festival aims to enhance the international student experience by creating opportunities for networking, building friendships, and providing a sense of belonging within the host institution. Ultimately, the goal is to promote a global perspective, enrich the educational experience, and create a welcoming and inclusive campus culture for international students while fostering cultural diversity and awareness among all attendees.

DESCRIPTION

A festival is an occasion of enjoyment and celebration which promotes social interaction and harmony. The department of SAC organized an international festival (AFROFEST 2022) on 28-10-2022. Students and teachers were very excited that day. Our school auditorium provided a sound system, an LED screen and well as TV screen to project our festival posters. Various slogans were prepared and projected on the LED screen as performances were presented one after the other by the students, such as the student performing a beautiful poem with the title "The Type" which centered on the type of woman girls can choose to be. Other poems carried the titles " GIRL GET UP and ORIGNS". These poems empowered the modern woman as well as remind the audience of the African origins.

A group of Rwandan students danced a traditional song. 3 Students gave a brilliant speeches, one about, their heritage , another about their journey of self discovery and the last one was a quoted speech by the famous Chimamanda Ngozi Adichie, a competent writer in Africa.

A pointing game was also organized by the students, and those who allowed to be influenced by the direction the point lost the game. It proved to be very engaging, the participants were from the audience.

Singers and dancers did their best to entertain the crowd and the audience enjoyed every bit of it. HOD from the pharmacy department gave an energetic speech. Lastly, the program ended with the international dance team. They performed an inclusive dance which included all the dances of the cultures of the international students.

The schedule was as follows.

Names	Activity	Minutes	Duration

OUTCOME

The outcome of organizing a festival for international students is a more culturally enriched, inclusive, and interconnected academic community. Participants and attendees gain a deeper understanding and appreciation of various cultures, traditions, and perspectives from around the world, fostering cross-cultural empathy and tolerance. International students benefit from a sense of belonging, increased engagement, and stronger support networks within the host institution. Additionally, the festival encourages cultural exchange, friendships, and collaborations that extend beyond the event, contributing to a more globally aware and interconnected campus community. Ultimately, the outcome is a more diverse, harmonious, and culturally vibrant educational environment that promotes global citizenship and enriches the overall student experience.

AFROFEST SPORT DAY 2022

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Sports play a vital role in the student's life. The sports develop discipline, the spirit of sportsmanship and inculcates the qualities of team spirit and leadership among the students.

The University of KLU held 2nd annual AFROFEST sports day-2022 from 3:00 P.M till 7:00 P.M on 30-10-2022. The sporting calendar this year is once again full with a wide range of sporting opportunities available to our students. It is one of the largest co-curricular activity that offer an extensive opportunity to all the international students. This venture shall enable the students to have fun, learn new sports, enhance social interaction and tests one's physical capability.

These competitions also offer a break from the daily routine tasks and recreate or re-energetic them. A number of 40 students were divided into 2 color-coded houses (red and blue,), each house consisting of nearly 20 students. This was done to maintain a fair game, with equal chance to everybody. The events started on the late afternoon with soccer. It was followed by tug of war, then the traditional game of Rede then finally Basketball. Everyone who participated was filled with great zeal, excitement and frolicsome atmosphere. The flame of peace and harmony kept within our sports participants as well as the audience.

Foreign Students Sports, Games participation 28.10.2022

Foreign Students gathering at KL ground for Sports on 28.10.2022

I would like to thank the SAC department for supporting the international students to be able to accomplish this event once again. This was a bit rushed because of the exams the international students had in their schedule even though, the SAC department managed to provide what is required for the accomplishment of the event. We hope to be able to plan a bigger AFROFEST next year, one which will include other international students from other colleges in India. Special thanks to Mr.P. Sai Vijay, Director (SAC) for supporting the international student community.
