**Objectives :** The objective of these sessions and events is to provide you with hands-on experience and practical insights into cutting-edge technologies that are shaping the future. By participating in these activities, you will not only expand your skill set but also broaden your understanding of the vast opportunities available in the field of Free and Open Source technologies.

We encourage all students to seize this opportunity and actively participate in these sessions and events. Your engagement and enthusiasm will contribute to making this event a resounding success.

**Description :**

The Swecha Freedom Fest, organized by KLGLUG and Swecha, is a dynamic event designed to offer students from various B.Tech and MHS programs exposure to a diverse range of Free and Open Source technologies. Through a series of engaging sessions and events, participants will delve into cutting-edge topics spanning responsive web development, 3D animation, graph databases, IoT dashboards, data visualization, and mobile app development using Flutter.

Keynote talks will provide insights into the latest trends and innovations in the tech industry, while technical events such as Mock Parliament, Idea Presentation, Essay Writing, Drawing, and Just a Minute will foster creativity, critical thinking, and effective communication skills among attendees.

Scheduled for 18th and 19th February 2022, the event offers comprehensive access to all sessions and events for a nominal fee of Rs. 200. Attendees will receive official attendance certificates, recognizing their participation and engagement throughout the event.

The overarching objective of the Swecha Freedom Fest is to empower students with practical knowledge and hands-on experience in Free and Open Source technologies, thereby equipping them with the skills and insights necessary to thrive in an increasingly digital world. By fostering a collaborative and interactive learning environment, the event aims to inspire participants to explore new avenues of innovation and contribute positively to the tech community.

Overall, the Swecha Freedom Fest promises to be an enriching and rewarding experience for students, providing them with invaluable opportunities for learning, networking, and personal growth.

**Outcome :** outcomes for participating students. Through hands-on workshops and sessions covering a spectrum of Free and Open Source technologies, students will enhance their technical skills in areas like web development, animation, database management, IoT, data visualization, and mobile app development. Moreover, exposure to emerging trends in the tech industry will keep them updated and competitive. Additionally, technical events such as Mock Parliament and Idea Presentation will foster improved communication and critical thinking skills. Networking opportunities with industry experts and peers will encourage collaboration and idea exchange. Keynote talks by industry leaders will inspire students to explore innovative pathways. Finally, attendees will receive official certificates, recognizing their participation

and enhancing their academic and professional profiles. Overall, the Swecha Freedom Fest aims to empower students with the necessary skills, knowledge, and inspiration to excel in the rapidly evolving field of technology.

Session for Students on 18.02.2022

Students project presentation on 19.02.2022

Students explain for their project to faculty on 19.02.2022
