## About Deloitte-

### A story that matters..

We believe that we're only as good as the good we do.

All the facts and figures that talk to our size and diversity and years of history, as notable and important as they may be, are secondary to the truest measure of Deloitte: the impact we make in the world.

So, when people ask, “what’s different about Deloitte?” the answer resides in the many specific examples of where we have helped Deloitte member firm clients, our people, and sections of society to achieve remarkable goals, solve complex

problems or make meaningful progress. Deeper still, it's in the beliefs, behaviors and fundamental sense of purpose that underpin all that we do.

With over 150 years of hard work and commitment to making a real difference, our organization has grown in scale and diversity—approximately 263,900 people in 150 countries and territories, providing audit, tax, legal, financial advisory, risk advisory, and consulting services—yet our shared culture remains the same.

For us, good isn't good enough. We aim to be the best at all that we do—to help clients realize their ambitions; to make a positive difference in society; and to maximize the success of our people. This drive fuels the commitment and humanity that run deep through our every action.
