Please find below the schedule for the event:

Date of the Event: 7th & 8th February 2019,Thursday& Friday

Time of the Event: 03.00 pm

Venue: PPT – JASMINE HALL

ABOUT US

Satyam Venture Engineering Services (Satven) was established in the year 2000 with a singular focus & objective – to cater to the varied & complex design & engineering needs of the automotive industry. The company has today grown multi fold to become one of India's leading automotive engineering bureaus. Skilled human resources, consistent quality, broad knowledge base, strategic partner alliances, domain & subject matter expertise and strong customer relationships have been continuously propelling Satven's growth into higher orbits.

Satven provides comprehensive solutions to the automotive industry that cover a wide range of engineering activities, including but not limited to Product Design & Development, Full Vehicle Crash, NVH, Durability, Value Analysis / Value Engineering (VA/VE), Dimensional Management, Sourcing, Manufacturing Engineering, Mechatronics, myriad non-linear and linear FEA, Competitive Benchmarking, Knowledge Based Engineering (KBE), Computational Fluid Dynamics (CFD) and Multi-Body Dynamics (MBD).

Satven is a truly global organization with engineering centres in Germany (Munich & Russelsheim) and India (Hyderabad & Chennai), sales & marketing offices in Detroit, Munich, Shanghai & Hiroshima and its corporate offices in Hyderabad.

Solutions are typically supported on a variety of software platforms. Satven's value proposition to customers include strikingly visible reduction in product development timelines, rich domain expertise, cost arbitrage, and quality & information security processes that conform to ISO 9001: 2008 and ISO 27001: 2005, respectively.
