TO WHOM IT MAY CONCERN

I hereby certify that Mr. Prastut Sapkota was employed as advanced threat correlation and analytics using machine learning research intern within our company, Seknox Cybersecurity Private Limited, during the period starting from 10th December 2018 to 18th April 2019. Prastut actively participated and demonstrated his research on given tasks. More, his sound knowledge of machine learning theories and his skill to implement theoretical algorithms to real working programs were outstanding.

His interpersonal skills are also outstanding, he has been very helpful and highly appraised by all the staff. We wish him the best in his career path and would like to thank him for his excellent participation.

Yours Sincerely,

Sakshyam Shah | sakshyam@seknox.com
