3. Alumni as Resource person for Technical Events on March 20-21

Er Abdul Rawoof as Resource person working in L&T quality Engineer, he focused on challenges in construction industry, During the preconstruction stage the owner has given permission to begin the project. The construction team is assembled and documents are reviewed. The team will analyze all requirements and will need to perform a walkdown of the construction site. This walkdown will detail actual conditions and help identify any areas that were not identified in the design stage. The earlier issues are identified with the site, the easier they are to get corrected.
