

K.L. DEEMED TO BE UNIVERSITY

DEPARTMENT OF CIVIL ENGINEERING

Alumni Guest Lecture

Organized by Civil Engineering Department

Attended by

2nd, 3rd and 4th Year B.Tech Students

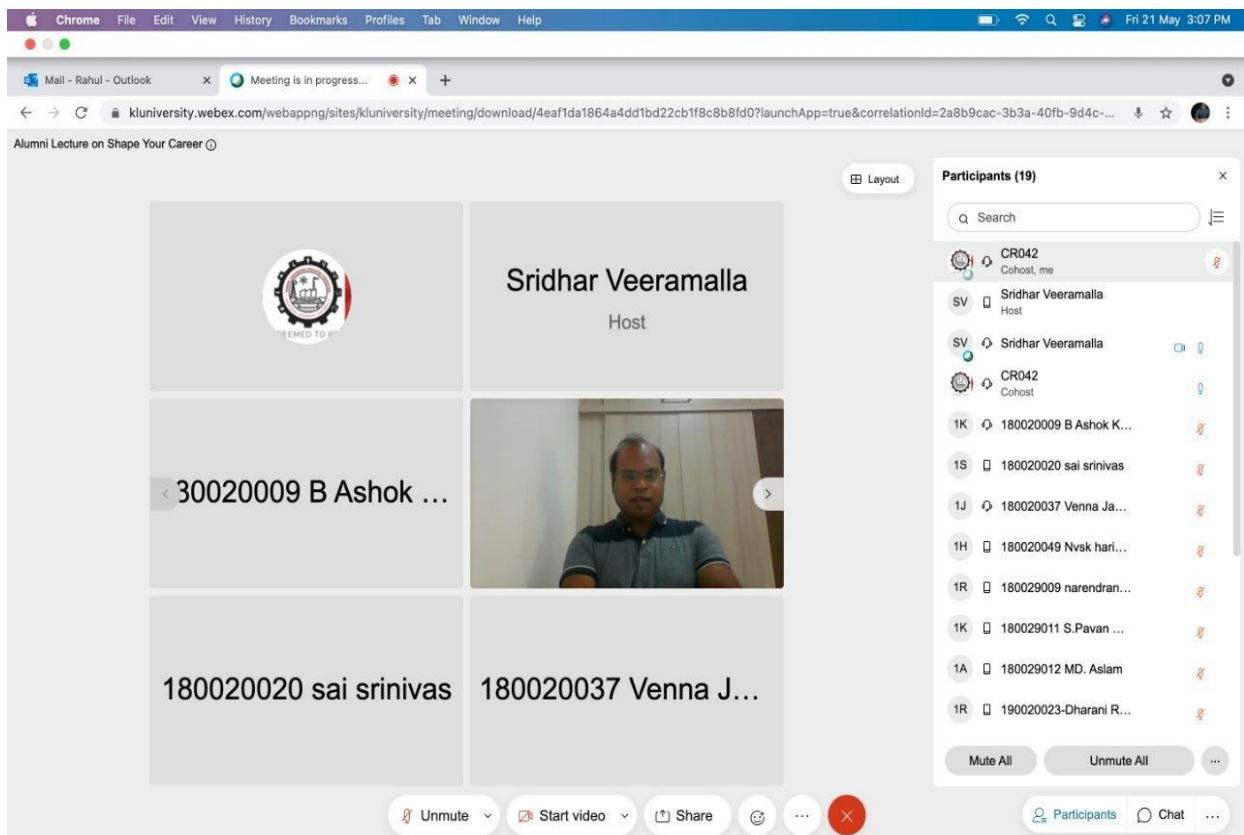

Speaker: Mr. V. Sridhar, Group Project Manager, Infosys Limited, Hyderabad.

Dated: 21st May, 2021, **Time:** 3 PM to 4:30 PM, **Venue:** Online

We are happy to inform you that the Department of Civil Engineering, successfully organized a Alumni Guest lecture as Civil Engineering Association (CEA) event.

The Welcome note was presented by Mr. B. G. Rahul, Assistant Professor, Civil Engineering Department, KLEF. The guest speaker Mr. S V. Sridhar (Y93 Batch) has given an expert talk on “Shape your Career”. He told students to aim for a job that suits their strengths, helps them to learn, pushes out of their comfort zone to some extent, and caters to their areas of interest. To find this, it is essential to understand the roles they

apply for and whether it meets at least some of their expectations. Career is not a sprint, but a marathon. Patience is the key so do not strive to get there faster and lose out on the learning. In the attempt to try various roles, it is easy to forget taking time to understand and learn. In any new role, learning curve rapidly increases in the beginning, soon followed by a saturation phase when you will reach the plateau. Give time to soak in the experience before chasing the next one. Ultimately, the goal should be to maximize learning from any role students take up, before jumping onto the next one. As they move forward and build their experiences, they might also realize that their destination might change, and they discover new career paths which they did not consider earlier.
