He started with the term "Entrepreneurship" and how it can be started in college days onwards.

Entrepreneurship is the creation or extraction of value. With this definition, entrepreneurship is viewed as change, generally entailing risk beyond what is normally encountered in starting a business, which may include other values than simply economic ones.

Satya had given and presented Best Entrepreneurship strategies at college time...

1. Start a Niche Blog
2. Car Detailing and tracking on a share basis
3. Computer Repair
4. Software Training / Computer Training
5. Website Design and App Creation
