Vijay Sai getting felicitated

Mr. Vijay Sai has encouraged the students to do hard work so that they can reach their goals. He motivated the students for pursuing higher study and research. He also encouraged them to become entrepreneurs, where they can provide employment to other people. His lecture was very much informative and inspiring to the aspiring students. His advice to the students was to make best use of the exemplary facilities available here at KLU, so that they can transform themselves into employable commodities at the end of their academic program.
