K L UNIVERSITY

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Name of the Event: Alumni Guest Lecture   **Venue: R101**

Name of the Alumni (Guest):Hemanth Tanguturi   **Time: 2:00 to 3:00PM**

Topic: Artificial Intelligence   **Date: 13-03-2020**

Hemanth Tanguturi (09100631-Alumni), working at Salesforce as Engineer, Hyderabad Visited K L University on 13th March 2020.He completed B.Tech in the year 2013 from K L University. He Interacted with 3rd year students regarding latest developments in Artificial Intelligence and Machine learning techniques. He motivated the students to get the knowledge on advanced tools for programming.He explained basics of Artificial Intelligence.He discussed following points

Artificial intelligence (AI) is the basis for mimicking human intelligence processes through the creation and application of algorithms built into a dynamic computing environment. Stated simply, AI is trying to make computers think and act like humans.

Achieving this end requires three key components: Computational systems, Data and data management, Advanced AI algorithms (code)
