Keeping in view of COVID-19 situations a lecture on carrier guidance was arranged with Dr. Naresh Tadikonda, Proud Alumini of 2005 batch for final year students. He gave his insights to the students of 3rd yr and 4th yr about how to start with education and carrier after B.Tech. He explained about the situations he faced and how to overcome those situations and how to attend the interviews how to grab the opportunities and how to get success in their life. He motivated the students alot. Students were very happy with his motivational lecture and he has also promised the students that he would be helpful for those who wants to persue their higher studies in future. It was a very best lecture where students interacted more and got suggestions.

I/C Dr. C.S.Felice -BT

Head of the Department - BT
