Organized by:
Dr. V. Praveen Kumar, Department of Biotechnology, KLEF

Keeping in view of COVID-19 situations a lecture on carrier guidance was arranged with Dr. Monica Agarwal, Proud Alumini of 2003 batch. She is a Lecturer in Rensselaer Polytechnic Institute, NYU Polytechnic School of Engineering, Albany, New York Area, USA. She has delivered a lecture on Carving path in the multidisciplinary world of Biotechnology to 3rd yr and 4th yr students. She explained the students of the recent research areas and how to mould their carrier with their subject knowledge in other fields. She suggested the students to do hard work to achieve their goals and to reach greater heights. Students were very much excited to meet their super senior and have interacted well and got their doubts clarified.

I/C Dr. C.S.Felice -BT

Head of the Department - BT
