IEEE Hyderabad Section

On 13 May 1884 a few electrical engineers in New York met to form the American Institute of Electrical Engineers which later became IEEE. By a co-incidence exactly a hundred years later, on 13 May 1984 a few members of IEEE formed a Section of IEEE at Hyderabad. This Section was formed by upgrading what used to be the IEEE Hyderabad Subsection that was formed in mid 1981 with just 25 members. The Section has been very active from right from its Subsection days. Section conducted 32 continuing education programs in the first two decades. In the early 1990s the first Chapter PES / IAS / PELS Joint Chapter was formed. Few years later a Computer Society Chapter and then a EMC/MTT/AES Joint Chapter were formed. Today there are 11 chapters and Three affinity groups in Hyderabad section. IEEE Hyderabad section is one of the fast growing sections of IEEE in India.

IEEE GUNTUR SUBSECTION

was established in the year 2004 to serve as a nearer technical support centre for the technocrats around Guntur and Krishna districts. It has spread it's activities among all the members of the Subsection and is acting as the right common platform for the academia and the industry personnel. It has been conducting various technical and social events involving the student members, graduate members and professional members. Subsection is keen on conducting the activities to empower the women especially in the field of science and technology. Subsection is open for conducting collaborative technical events which would be beneficial for the society.

About K L University

KL Deemed to be university was established in 1980-81, as KL College of Engineering, which was upgraded to KL College of Engineering Autonomous in 2006 by UGC and was declared as a Deemed to be University in 2009 by UGC, MHRD Govt. of India. In 2012 as a Deemed to be University the institution was accredited by NAAC with A Grade and later in 2018, was re-accredited by NAAC with A++ grade.
