Organized by DEPARTMENT OF ARTS

ABOUT THE UNIVERSITY

KLEF also known as KL Deemed to be university was established in 1980-81 as KL College of Engineering, which was upgraded to KL College of Engineering Autonomous in 2006 by UGC and was declared as a Deemed to be University in 2009 by UGC, MHRD Govt. of India. In 2012 as a Deemed to be University the institution was accredited by NAAC with A Grade and later in 2018, was re-accredited by NAAC with A++ grade. In 2019 UGC, MHRD declared this institution as Category I Institution.

ABOUT THE DEPARTMENT

The Department of Arts started its journey in 2016 by offering B.A. Programme for undergraduate students approved by UGC with the objective of outcome-based education. The department follows the CBCS syllabus according to NEP 2020 guidelines, which is in line with all the premier institutions of India. Students can choose Geography or Economics as their major, along with other subjects like History, Public Administration, English, Telugu and Hindi. Apart from the regular UG programme, the department offers integrated coaching for competitive

examinations such as UPSC, State PSCs, SSC, Banking services, etc. The unique integrated coaching embedded in the academic programme is developed to refine their personality and make them future-ready.

ABOUT THE WORKSHOP

Research is at the core of any institution that aims to create and disseminate knowledge. However, the quality of research is a significant challenge for most institutions worldwide. Since the subject of Geography is dynamic, its methods and research approaches also change frequently. This three-day virtual workshop will provide researchers and academics with the opportunity to develop an understanding of the paradigm shift in geographical research. Eminent resource persons from different premier institutions will come over a common platform and drive you towards the new methods, approaches, concepts, tools and techniques employed in contemporary geographical research. For young researchers and students, the workshop will be of great value and expected to inspire and motivate them to engage in geographical research of high quality.

WORKSHOP OBJECTIVES

- To familiarize the basic concepts of the paradigm shift in geographical research.
- To explore new dimensions of geographical research.
- To impart skills in integrating qualitative and quantitative research in the field of Geography.
- To make participants understand the use of statistical software and geospatial techniques in geographical research.
- To develop the applied research skills among the participants.

WORKSHOP SUB-THEMES

- ✓ Research Design and Innovative Thinking in the field of Geography.
