

THREE DAYS VIRTUAL WORKSHOP ON

CONTEMPORARY ISSUES IN INDIAN ECONOMY

Organized by DEPARTMENT OF ARTS

About the University

KL Deemed to be university was established in 1980-81, as KL College of Engineering, which was upgraded to KL College of Engineering Autonomous in 2006 by UGC and was declared as a Deemed to be University in 2009 by UGC, MHRD Govt. of India. In 2012 as a Deemed to be University the institution was accredited by NAAC with A Grade and later in 2018, was re-accredited by NAAC with A++ grade. In 2019 UGC, MHRD declared this intuition as Category I Institution.

About the Department

The Department of Arts starts its journey in 2016 by offering B.A. Programme for undergraduate students approved by UGC with the objective of outcome-based education, the structure and syllabus of the programme is designed in line with **UPSC-Civil Service Examinations.** The course enables the students to acquire the basic knowledge of Civil Services exams, other Central and State level competitive examinations. The BA Programme offers the combinations of History, Public Administration, Geography, Economics, and English and Telugu subjects. Along with Academics, a structured coaching is given for the students for UPSC and various competitive examinations. The unique integrated coaching embedded in the academic programme will have a refined personality

overall holistic development of the students. Furthermore, the Department of Arts will guide the students for pursuing higher studies in social sciences in India and Abroad.

About the Workshop

This workshop intends to provide a platform to discuss the major challenges and prospects in Indian economy. India has experienced drastic development in socio-economic well-being, agriculture, industry, service sectors over the decades. The and development has largely associated with strategic planning and effective utilization of resources. Though, the country has utilized the resources in its extreme capacity, the overall development is lagged behind. The country is rich with human capital, but the domination of agriculture and primitive education system hinders the skill acquisition. Moreover, the low capital formation, prevalence of diseases, low capacity to attract investment, higher unemployment, poverty, lack of skilled labour, etc has created challenges to the country in the development path. Today, the country has an economy which is sixth largest in the world. In the settings, this workshop focuses its attention on major developmental issues in India like food insecurity, labour market imbalance, health and nutrition, climate change, agrarian crisis, and migration.

Prof.G.Sridevi
