

## Architecture Day Celebrations

**Date:** 01.10.2018

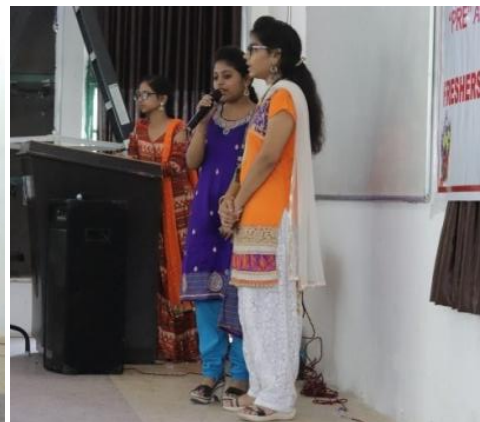

**Venue:** E208, School of Architecture - KL University, Vaddeswaram

The International Union of Architects (UIA) established the **World Architecture Day** in 1986. It is traditionally celebrated every year on the first Monday in October to coincide with the United Nations World Habitat Day, under the theme "**Architecture... for a Better World**". Events are held in different locations every year, bringing architects, engineers, planners and developers together to showcase their work, discuss future projects, debate current issues.

Architecture day was celebrated in **KLU, School of Architecture** where the students and faculty gathered to pay dignity to the profession and celebrate being a part of this guild. The event started with a prayer song and the welcome speech by Ar. G. Vidya Sagar, HOD - School of Architecture. Faculty shared their experiences during their student life and as professionals. Students were asked to speak about their experiences and their hopes and aspirations. The session was resourceful and gave enlightenment filling positive emotions towards the profession for the students.

Welcome speech by HOD, School of Architecture

Inauguration of the event with a Devotional Song

Students sharing their experiences
