## **Navigating the Immunoglobulin Landscape: An Industry Session with Kowshik R Aravilli**

Webinar by  
**R Kowshik Aravilli, Alumni**  
on (4<sup>th</sup> November, 2023)  
working as  
Scientist (R&D) at Lazuline Biotech, Hyderabad

**Information about Guest Lecture, posted on various platforms like Facebook, LinkedIn  
and Instagram on 04/11/2023**

A guest lecture for second-year Biotechnology students was organized on 04/11/ 2023 through the Webex platform. The session was delivered by Dr. R. Kowshik Aravilli, an alumnus of the Y7 Batch (KLCE), who shared valuable insights from his professional journey in the life-science industry.

The event began with an interaction between the Alumni Coordinator, Dr. V. Praveen Kumar, and the guest. During the discussion, Dr. Praveen Kumar highlighted the importance of alumni networking and encouraged the guest to invite Y7 batchmates to join the official alumni WhatsApp and related groups. Dr. Nadeem Siddiqui, Associate Professor, formally introduced the guest to the participants and welcomed him to address the gathering.

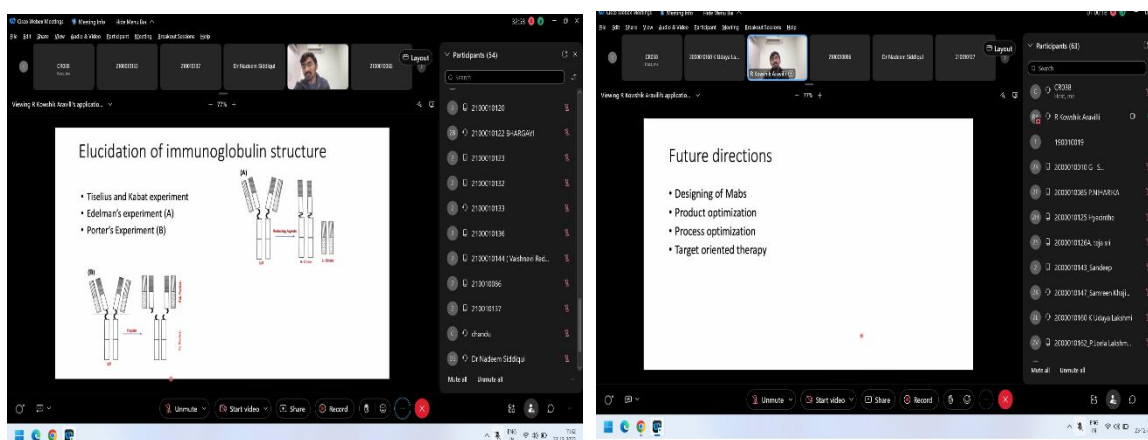

In his lecture, Dr. Kowshik Aravilli discussed his professional experiences and the opportunities he encountered while working in industrial research. He elaborated on the various sectors within biotechnology and life sciences and outlined the essential skill sets that students should develop to pursue successful careers in research and industry.

He further guided the participants on how to apply for internship programs across India and emphasized the importance of hands-on learning and industrial exposure. He motivated students to take advantage of skilling initiatives and to actively participate in research and innovation-driven projects.

Dr. Kowshik also spoke about the growing significance of research in the modern world and offered advice on how students can excel in higher studies and careers in healthcare and life-science sectors. His address inspired students to make optimal use of the state-of-the-art facilities available at KLU to transform themselves into industry-ready professionals.

The lecture witnessed the participation of about 92 students, along with the Deputy HoD and several faculty members. The session was highly engaging, informative, and motivational, offering students practical guidance on career development and research orientation.

The event concluded with a vote of thanks proposed by Dr. V. Praveen Kumar, who expressed heartfelt appreciation to Dr. R. Kowshik Aravilli for his valuable time, insightful session, and continued connection with his alma mater.
