PERMISSION LETTER

Date: 22-09-2026

To
The Head of the Department
Department of Biotechnology
KL University

Subject: Request for Permission for BOLT and MBS Teams to Organize and Work for Anaemia Awareness & Health Screening Camp

Respected Sir,

We kindly request permission for the students belonging to the **BOLT and MBS Teams** of the Department of Biotechnology to organize and actively participate in the **Anaemia Awareness & Health Screening Camp** scheduled to be conducted on **23-09-2026 and 24-09-2026**.

The event will be conducted at **C517 and C518 Biotechnology Laboratories**. The students listed below will be involved in organizing, coordinating, and carrying out the activities associated with the event.

Section 1:

1. 2400010058 – B Greeshma
2. 2400010057 – B Geethika
3. 2400010082 – B Sai Vivek Varma
4. 2400010076 – M Abhishek

Section 2:

1. 2400010048 – D Nicky Seraphim
2. 2400010014 – T Gowri Nandhan
3. 2400010005 – P Cyril
4. 2400010072 – G Ruthvik

We request your kind permission to allow the above-mentioned students to utilize the designated laboratory spaces and participate in the event-related activities during the specified dates.

We assure you that all students will follow the instructions, safety protocols, laboratory guidelines, and discipline of the Department while conducting the event.

We kindly request you to grant permission for the successful organization of the **Anaemia Awareness & Health Screening Camp**.

Thanking you.

Yours faithfully,

BOLT & MBS Teams

DESCRIPTION

1. Activity Overview

The Women's Health Screening and Awareness Activity was organized on 23rd and 24th September 2026 by the Department of Biotechnology, KLEF, in association with the Women Development Cell (WDC), Biotech Outreach & Leadership Team (BOLT), and Microbiologists Society (MBS). The programme was conducted at the Biotechnology Labs (C517 & C518) from 10:00 AM to 5:00 PM.

The activity included health-awareness sessions for female students focusing on Polycystic Ovary Syndrome (PCOS), Polycystic Ovary Disease (PCOD), and anaemia, along with practical health-screening activities for female teaching and non-teaching staff. The BOLT and MBS teams conducted the practical screening sessions, including haemoglobin testing, blood group identification, and blood pressure measurement.

2. Objectives

- To educate students about symptoms, risk factors, prevention, and the importance of timely medical consultation.
- To promote awareness about women's health and preventive healthcare.
- To assess haemoglobin levels and create awareness about anaemia, PCOD, PCOS,
- To determine blood groups for medical awareness and emergency preparedness.
- To measure blood pressure and promote awareness of regular health monitoring.

3. Activity Proceedings

The programme commenced at 10:00 AM at the Biotechnology Labs (C517 & C518).

Awareness sessions were conducted for female students in association with the Women Development Cell.

The sessions focused on PCOD, PCOS, and anaemia, covering their basic causes, symptoms, health implications, prevention, and the importance of early identification and appropriate medical consultation.

Students were encouraged to maintain awareness of their health and seek professional medical advice when required.

Alongside the awareness sessions, health screening was conducted for female teaching and non-teaching staff.

The BOLT and MBS teams conducted the practical screening sessions.

Haemoglobin testing was carried out to assess haemoglobin levels and promote awareness about anaemia.

Blood group testing was conducted to determine participants' blood groups and highlight their importance during emergencies and blood donation.

Blood pressure measurements were taken to provide participants with information about their blood pressure levels.

The teams explained the basic significance of the screening procedures and encouraged regular health monitoring.

Koneru Lakshmaiah Education Foundation

(Deemed to be University estd. u/s. 3 of the UGC Act, 1956)

❖ Recognised as Category 1 University by UGC ❖ Approved by AICTE ❖ ISO 21001:2018 Certified

Campus: Green Fields, Vaddeswaram - 522 302, Guntur District, Andhra Pradesh, INDIA.

Phone No. +91 8645 - 350 200; www.kluniversity.in

Admin Off: 29-36-38, Museum Road, Governorpet, Vijayawada - 520 002. Ph: +91 - 866 - 3500122, 2577715, 2576129

The activities continued throughout the scheduled hours and concluded at 5:00 PM on both days.

4. Key Highlights

- Two-day women's health awareness and screening programme.
- PCOD, PCOS, and anaemia awareness sessions for female students.
- Awareness programme conducted in association with the Women Development Cell.
- Practical screening sessions conducted by the BOLT, BIO X and MBS teams.
- Haemoglobin, blood group, and blood pressure testing conducted.

5. Learning Outcomes

- Female students gained basic awareness about PCOD, PCOS, and anaemia.
- Students developed a better understanding of the importance of early recognition of health concerns and appropriate medical consultation.
- Participants gained awareness about haemoglobin levels, blood groups, and blood pressure.
- Students received practical exposure to basic health-screening procedures.
- Participants were encouraged to adopt regular health monitoring and preventive healthcare practices.

6. Conclusion

The Women's Health Screening and Awareness Activity provided a comprehensive platform for promoting women's health through awareness and practical screening. The sessions conducted in association with the Women Development Cell addressed important health concerns such as PCOD, PCOS, and anaemia among female students, while the BOLT and MBS teams conducted practical screening activities for female teaching and non-teaching staff. The programme successfully connected health education with practical screening and encouraged greater awareness of preventive healthcare and women's health.
