Venue: KLEF (Online Event)

## **CRAFT MAKING COMPETITION**

### **Description of the Event:**

Bringing out a beautiful craft from a normal unused thing in the house is an inbuilt quality of a woman. But most of the time, the art is not recognized by the artist itself. We team CEA, are here with a craft-making competition that is open to only women above age 16. All the women out there who were once considered as idols might become ideals for many artists. Here is a small opportunity for you all those women to bring out the artist hidden in yourself. We team CEA, are conducting a competition of craft work for women. In this competition, the participants are asked to prepare decorative items or articles using unused products present in their house .The main motto of this event are to identify and raise the creativity and artistic approach of women and encourage them to develop their skills.

### **Benefits:**

- This provides an opportunity for the women to show their creativity and artistic skills.
- This can also motivate other women at home to try and create new things from the unused materials at home.

No. of Students participated: 226

No. of Faculty participated: 12
