Date: 31/01/2020

Venue: Pedapalem

MATHS TRICKS

Description of the Event:

Mathematics is one such division that involves thinking and where mind is used at its best. In India most of the students are studying the conventional mathematics, but they are unable to solve the problems that are new to them. This is due to lack of clarity on basic concepts. The initiation in spreading the development of conceptual mathematics will be taken by the event. In this event the students will be aware on fast mathematical solution generating techniques and speed math calculations.

Benefits:

- Students can experience in developing interest of math in them.
- Students can improve accuracy, speed and sharpened focus.
- Students will be able to adopt creative math problem solving strategies

No. of Volunteers Participated In the Event 30 along with 2 faculty members
