Guide

Event Beneficiary: 10th class Students

Website Description:

This project aims to create awareness among the students about the present opportunities. This also serves to know their path that they have to choose to reach their goals.

At first the Youth body divided into two teams and went to schools of Vaddeswaram and Nuttaki. The aims and the process of the event was explained to the respective principals and got permission from them to conduct the event in their schools. The event started with the welcome note by the respective principals and then the event started. Our volunteers have explained about the opportunities that are provided to undertake the job. Our team have explained from the initial point onwards i.e. what they can do after the 10th class to reach their goals. There was an interactive session with the students and they have participated very actively. There was a nice and huge response from the students and they are contacting the YOUTH body to clear their doubts. Finally this event was a huge success.

Walk for Healthy Heart

“For a healthy life one needs a healthy heart” on account of creating awareness to the society regarding the cardio vascular diseases and its prevention we celebrate World’s Heart Day its main focus is on creating heart-healthy environments. By

ensuring that people are able to make heart-healthy choice wherever they live, work and play, world heart day encourages us all to reduce our cardiovascular risk, and promotes a heart-healthy planet for those around us. Very sorrowful that it is the world's leading cause of death these days. We can control the severity of heart disease by spreading awareness and providing standard health care to the people.

Amodini Orphanage

Education in India is one among various other elements that have captured the attention of the world, but it is disheartening to see that many students still lack in computer knowledge which plays a major role in today's digitalized world. Hence we Team CEA have organized an event to bring in many more techno schools; in this regard a group of seven volunteers took initiative by organizing an event at Amodini orphanage by teaching the students the basics of Ms-Word. This is an extension of the event Sishubodhana, which helps the students to learn and innovate as we intended to continue organizing such camps every weekend throughout the academic year. Students from 6th to 12th have participated where they are divided into a group of 7 to 9. Each group is trained by a volunteer. Initially the students are made familiarized about the basic usage and access of the computer. Later in Ms. Word students are taught the following things:

- How to type
- Various alignments - line, paragraph
- Font, color, size
- Insertion of pictures, tables, charts
- Using different layouts
- Mail merging, water mark

- How to back up a file
- How to design a certificate

Benefited students: 30

Future Scope:

- Students can make efficient use of Ms-Word and save any data.
- Enhances one's presentation skills and thinking ability.

Protsah 2K15

Every act of love is a work of peace and matter how small it is. We don't aim to change the country but we believe that we have to do our bit to the society. We want CEA to be the torch in the tunnel. We want to create a working model as to be how we can make a village self-reliant.

Team of C.E.A, intend to organize an event PROTSAH'15 where the students of KL University are invited to exhibit their projects to their departments and demonstrate their practical knowledge invoking the same in others. In addition to that we encourage various government and private school children to exhibit their projects and also participate in extra curricular activities such as painting and essay writing completions to show case ether hidden talents. The college students will receive the certificates, which will serve as am epitome to others and a platform to interact with children enhancing their knowledge.

The children were introduced towards practical world of education as this event serves as a basic platform to bring their innovative ideas into existence.
