**Conclusion:**

The entire faculty, students and the staff are the main reason for the grand success of the event. Their support for us in the collection of rice. The eyes of the one in need are the real witness for their sufferings. Kindness is the language which deaf can hear, dumb can speak, blind can see and needy can be benefited. So, we continue this event “Rice Bowl Challenge” to help the needy to see and save their smiles.

48 CEA volunteers have organized the event and collected the rice in different location of the university.
