### **A report on “Conservation of Electricity” on 27/12/2018 to 24/01/2019 at Tadepalli, Peda vadlapudi, Ravendrapadu, Chirravuru, Mangalagiri, Nutakki & Vijayawada areas**

KLEF-CEA volunteers identified the main problem in the society for conservation of Electricity. All the generated of electricity is getting exhausted.

In this regard our CEA would like to extend its support to create the awareness regarding the consumption of electricity and how to conserve each and every unit of power wasted by us which will be useful for the future generations.

CEA volunteers would like to start this with the schools. All volunteers will go to the particular school and collect the details about the electricity consumption. The children of school would have to provide the details of number of units of power consumed for the previous month and after one month we will again collect the details of power consumed after adopting conservation methods.

Finally the difference of the bills of the two months will provide the number of units conserved by the individual. This process will also be continued in other schools. Through this event if 1 person consumes two units/day, these statics would provide people with the information which helps in reducing the electricity consumption to the maximum potential. 5000 posters are posted on the walls and distribution in 20 schools, 97 members of CEA volunteers participated in this event.

#### **Details of the Event**

<b>Name of the Event</b>	:	Conservation of Electricity
<b>Date of the Event</b>	:	27/12/2018 to 24/01/2019
<b>Venue</b>	:	Tadepalli, Ravendrapadu, Chirravuru, Mangalagiri, Nutakki & Peda Vadlapudi & Vijayawada areas
<b>No. of Participants</b>	:	Students: 97, Faculty & Staff: 02
<b>No. of Beneficiaries</b>	:	250
