### **A report on an outreach program titled “Awareness on Literacy” at Z.P. High School in Vaddeswaram Village, Guntur District on 06.03.2021**

#### **Description of the Event:**

This outreach programme of Awareness on Literacy which was conducted in Z.P.H School, Vaddeswaram Village, Guntur District with a team of 89 students. The main objective of this programme is to cultivate basic knowledge on Literacy for children and make them aware. As part of this objective, we have conducted a pre survey to know basic knowledge of what children have on Literacy. Literacy is critical in helping us make sense of our world. From the time we wake up to the time we go to sleep, we are constantly making meaning of the world around us. Literacy is most commonly defined as the ability to read and write. But it's not as simple as it sounds. Reading and writing abilities vary across different cultures and contexts, and these too are constantly shifting. If you educate a man, you educate an individual but if you educate a woman you educate a nation. Education is essential for building a better tomorrow. Education is the movement from Darkness to Light. Education is not just about going to school and getting a degree. It's about widening your knowledge and absorbing the truth about life.

And we discussed causes of illiteracy and few slogans. And what are the outcomes.

After the talk, the students are able to find the difference between what is reality and what is illusion. Post survey is being conducted after the interaction and the result is quite amazing. They were able to understand and adapt very quickly.

#### **Details of the Event**

<b>Name of the Event</b>	:	Awareness on Literacy
