### **Report on “Switching to Savings: A guide to electricity conservation ” by conducting “Conservation of Electricity” program on 21/11/2021 at Nutakki Village**

KLEF-CEA volunteers identified the main problem in the society for conservation of Electricity. All the generated of electricity is getting exhausted.

In this regard our CEA would like to extend its support to create the awareness regarding the consumption of electricity and how to conserve each and every unit of power wasted by us which will be useful for the future generations.

CEA volunteers would like to start this with the schools. All volunteers will go to the particular school and collect the details about the electricity consumption.

The children of school would have to provide the details of number of units of power consumed for the previous month and after one month we will again collect the details of powerconsumed after adopting conservation methods.

Finally the difference of the bills of the two months will provide the number of units conserved by the individual. This process will also be continued in other schools.

Through this event if 1 person consumes two units/day, these statics would provide people with the information which helps in reducing the electricity consumption to the maximum potential

#### **Details of the Event**

<b>Name of the Event</b>	:	“Conservation of Electricity”
<b>Date of the Event</b>	:	21/11/2021
<b>Time</b>	:	09:30 am to 1:00pm
<b>Venue</b>	:	Vignana Vihara High School, Nutakki Village
<b>No. of Participants</b>	:	Students: 80, Faculty & Staff: 02
<b>No. of Beneficiaries</b>	:	40

## Event photos:

The KLEF\_CEA team conducted an event conservation of electricity at Z.P. High School raised the awareness on the electricity to the students. The volunteers explained to the students about the conservation of electricity.

## Participated Volunteers List:

ID. No	Name of the Student	Branch	Year	Signature
