Report on “Awareness on environment” by conducting “Little Green Inches” program on 01/10/2021 at Mangalagiri.

AIM: To inculcate environmental awareness in children.

Description of the Event:

Nature is beautiful and needs to be preserved. Nature, when taken care of, provides us with everything we need but it can also express its fury if exploited. Lately, we have witnessed the fury with the forest fires, drought, excessive rainfall and its attendant problems. Excessive pollution and exploitation of resources is also causing immense environmental damage.

An important thing is though we cannot reverse the effect of our actions, we can work towards restoring the damage done.

To encourage this concept, Team KLEF-CEA has organized an event called “Little green inches” on 1st October 2021.

As a part of the event, we have performed the following:

- * Teaching the students some simple and best ways to grow their own garden with waste to turn it in to best with effective visualization using power point presentations.
- * Our volunteers showed them some of the techniques practically by supervising and instructing them while doing the process.
- * We had distributed some plants to the students and asked them to plant them thereby promoting environmental awareness and enthusiasm among the children towards planting and agriculture.

Benefits:

- 1) We promoted environmental awareness among students.
- 2) We brought awareness and also promoted greenery in their school premises and home.

Details of the Event

Name of the Event : “Little Green Inches”
Date of the Event : 01/10/2021
Time : 10:00 am to 1:00pm
Venue : Z.P High school, Mangalagiri
No. of Participants : Students: 88, Faculty & Staff: 02
No. of Beneficiaries : 150

Event Photos:

The KLEF_CEA team conducted an event named little green inches in the Z.P. High School in order to save the environment from the plastic, pollution, etc. The volunteers of KLEF_CEA team explained to the students about importance of the plants and advised them to plant their own garden in their houses.
